

## Welcome Valued Supplier!

G3 Enterprises, Inc. uses the SAP platform for efficiency, visibility, networking, and reliability in the way we transact with suppliers. Our Supplier Operations team, in conjunction with SAP, will collaborate with you to establish a relationship with your company through the SAP Business Network. This connection will be necessary for our future transactions together.

Our team can help you set up your account and walk through how to submit invoices through the SAP Business Network portal. If assistance is needed, please reach out to us to schedule time to review and discuss.

### SAP Business Network Account Types

There are two supplier account types on the SAP Business Network:

- Standard Account
- Enterprise Account

#### What is the difference between Standard & Enterprise accounts?

Standard Accounts	Enterprise Accounts
<p><b>Basic functionality</b> and are <b>absolutely free of charge</b> for suppliers:</p> <ul style="list-style-type: none"><li>• Provides transaction functionality through interactive emails and centralized dashboard as well as view access of purchase orders and invoices</li><li>• No limit on the volume of transactions, but view history limited to the latest 200 documents (e.g. purchase orders or invoices)</li><li>• <b>Suppliers that do not select a fee-based Enterprise account</b> will be defaulted to a free of charge Standard account and will have the option to upgrade to Enterprise at any time</li></ul>	<p><b>Fee-based</b> and provide <b>enhanced functionality</b> to suppliers. Key features of Enterprise accounts are:</p> <ul style="list-style-type: none"><li>• <b>Supplier-managed catalogs</b></li><li>• <b>Centralized supplier dashboard</b> to view all documents (i.e. purchase orders and invoices) transacted with Alphabet/Google</li><li>• <b>Unlimited purchase order and invoice view access</b></li><li>• <b>Ability to run reports</b></li><li>• <b>24/7 priority customer support from Ariba</b></li></ul>
