

# Welcome to the PVH Supplier Information Portal

PVH

## Thank you for joining PVH on the Ariba Network!

As continuous efforts to make this an easy transition for our suppliers, this Supplier Information Portal will provide information for all suppliers conducting business with PVH through the Ariba Network. In the Ariba Supplier Enablement Notification letter, you were informed that PVH will use the Ariba Network to exchange business documents, which will include Purchase Orders, Order Confirmations and Invoices. This portal is provided to you as an important resource and content will be updated on a regular basis. The portal contains information on how to use the Ariba Network with PVH, including educational and technical resources.

The switch to the Ariba Network will begin on November 6, 2017. Additional information regarding this project, and the reasons PVH has decided to undertake it, was included in the Supplier Enablement Notification communication below. If during onboarding you have business-related questions, those can be sent to [SupplierEnablement@PVH.com](mailto:SupplierEnablement@PVH.com) or if you have Ariba Network functional questions, those can be sent to [PVHenablement@ariba.com](mailto:PVHenablement@ariba.com). Many of your questions may already be answered in the topics below.
