# Occidental Petroleum Corporation Specific Account Configuration

- **VAT ID / TAX ID** – select Company Settings in the top right corner, go to Company Profile and select tab Business. In the section Financial Information enter your Vat ID / Tax ID.
- **Remittance Address** – select Company Settings in the top right corner and go to Remittances. In the EFT/Check Remittances section select Create and complete all required fields marked by an asterisk.
- **Payment Methods** – select Company Settings in the top right corner and go to Remittances. In the EFT/Check Remittances section select Create/Edit. In the Payment methods section choose one of the following options: ACH, Check, Credit card or Wire. Complete the details. The Remittance ID will be communicated to you by your buyer.
- **Test Account Creation (testing is required for integrated and catalog suppliers)** – To create a test account, select your name in top right corner and choose “Switch to Test ID.”
- **Currency** – The currency that Ariba Network uses in the service subscription area of your account is controlled by your organization’s location, which you specify in User Account Navigator > My Account > Preferences.

# Accept Your Invitation

The invitation is also referred to as the **Trading Relationship Request**, or TRR. This e-mail contains information about transacting electronically with your customer.

1. **Click** the link in the emailed letter to proceed to the landing page.

User**

**Existing  
User**

Ariba Network

Help Center >>

Welcome to Ariba® Network

SMO Buyer has invited you to join Ariba Network.

New User

Are you new to the Ariba Network? If you do not have an account and would like to participate, click **Register Now**. By signing up with the Ariba Network, you will establish a trading relationship with your requesting customer. Your new account will also be visible to other buying organizations on the Ariba Network.

Register Now

[I have further questions for my requesting customer](#)

Existing User

If you already have an Ariba Commerce Cloud or Ariba Discovery account, enter your existing username and password and click **Confirm** to log in to the Ariba Network.

Username:

Password:

[Forgot Password?](#)

Confirm

When you confirm your existing username and password, Ariba will send a notification to your requesting customer, informing them that you already have an Ariba Network account and that you have accepted their trading relationship request.

# Register as a New User

1. Click **Register Now**.

2. Enter Company Information fields marked required with an asterisk (\*) including:

- **Company Name**
- **Country**
- **Address**

3. Enter User Account information marked required with an asterisk (\*) including:

- **Name**
- **Email Address**
- **Username (if not the same as email address)**
- **Password**

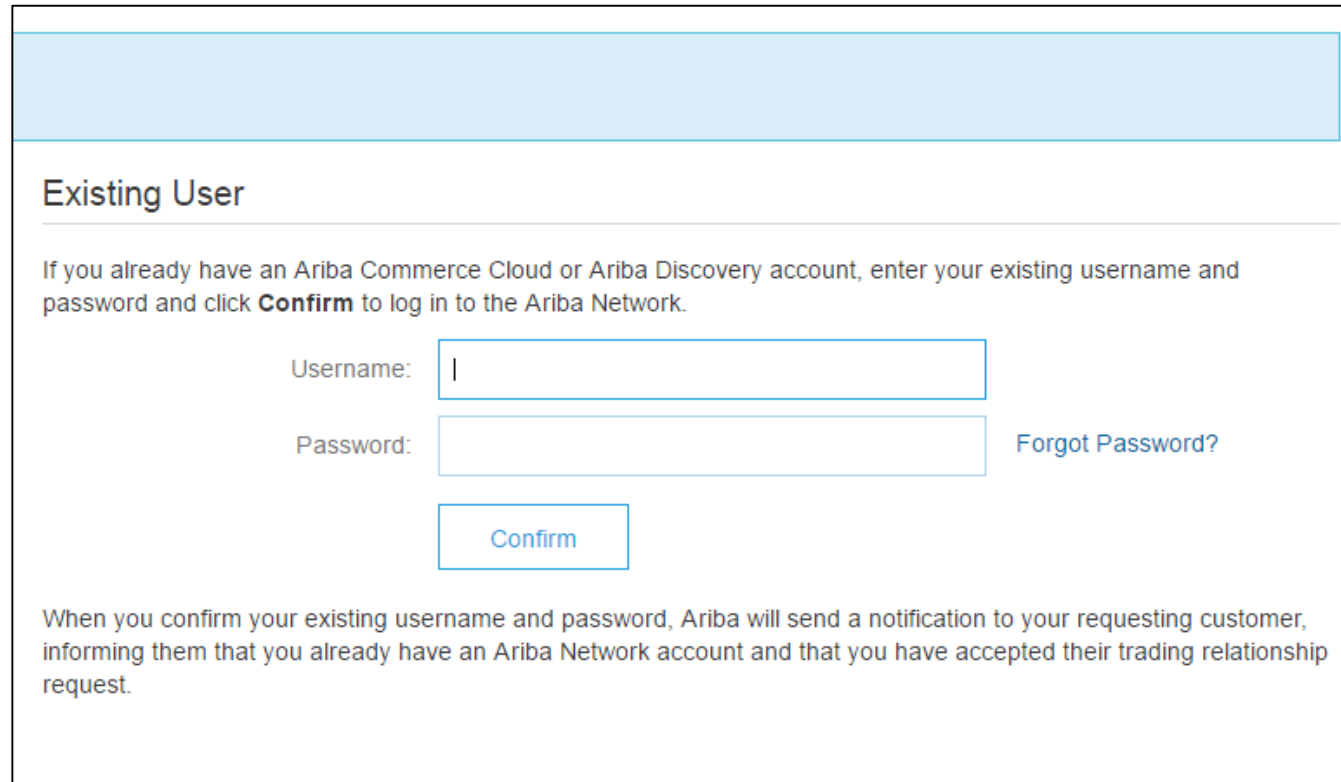

1. Accept the **Terms of Use** by checking the box.

2. Click **Register** to proceed to your home screen.

The screenshot shows the 'New User' registration page on the Ariba Network. A callout box at the top left, labeled '1', contains the text: 'Are you new to the Ariba Network? If you do not have an account and would like to participate, click **Register Now**. By signing up with the Ariba Network, you will establish a trading relationship with your requesting customer. Your new account will also be visible to other buying organizations on the Ariba Network.' Below this, the 'Register Now' button is highlighted with a blue circle labeled '1'. The form is divided into two main sections: 'Company information' and 'User account information'. In the 'Company information' section, the 'Company Name' field is marked with an asterisk and a blue circle labeled '2'. The 'Country' dropdown is set to 'United States [USA]'. The 'Address' section has three lines, with the first line marked with an asterisk. The 'City' and 'State' (set to 'Alabama') fields are also marked with an asterisk. The 'Zip' field is also marked with an asterisk. In the 'User account information' section, the 'Name' field (split into 'First Name' and 'Last Name') is marked with an asterisk and a blue circle labeled '3'. The 'Email' field is marked with an asterisk. The 'Username' field is marked with an asterisk. The 'Password' field is marked with an asterisk and has a 'Repeat Password' field below it. The 'Language' dropdown is set to 'English'. At the bottom, there is a checkbox labeled 'I have read and agree to the Terms of Use and the Ariba Privacy Statement' with a blue circle labeled '4' next to it. The 'Register' button is highlighted with a blue circle labeled '5'.

# Accept Relationship as an Existing User

1. **Log in** using your current Ariba username and password in order to accept the relationship with your customer.

**Existing User**

If you already have an Ariba Commerce Cloud or Ariba Discovery account, enter your existing username and password and click **Confirm** to log in to the Ariba Network.

Username:

Password:  [Forgot Password?](#)

[Confirm](#)

When you confirm your existing username and password, Ariba will send a notification to your requesting customer, informing them that you already have an Ariba Network account and that you have accepted their trading relationship request.

# Complete Your Profile

1. Select Company Profile from the Company Settings dropdown menu.
2. Complete all suggested fields within the tabs to best represent your company.
3. Fill the Public Profile Completeness meter to 100% by filling in the information listed below it.

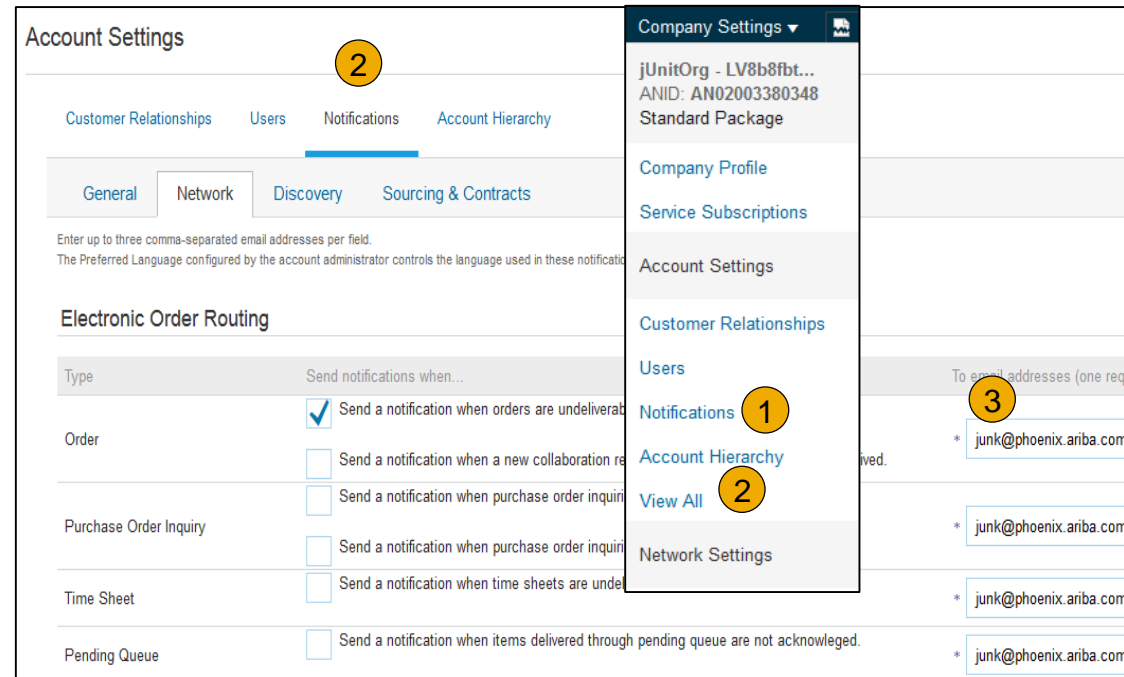

Note: The more complete a profile, the higher the likelihood of increasing business with existing and prospective customers.

The screenshot displays the Ariba Network interface for completing a company profile. The sidebar on the left shows the 'Company Settings' dropdown menu with 'Company Profile' selected. The main content area is titled 'Company Profile' and features several tabs: 'Basic (3)', 'Business (2)', 'Marketing (3)', 'Contacts', 'Certifications (1)', and 'Additional Documents'. The 'Overview' tab is currently active, showing a form with the following fields: 'Company Name' (filled with 'SMO Supplier 1'), 'Other names, if any:', 'NetworkId' (filled with 'AN010'), 'Short Description' (with a character count of 100), 'Website', and 'Public Profile' (with a URL). Below these is the 'Address' section with fields for 'Address 1', 'Address 2', 'Address 3', 'City', 'State', 'Zip', and 'Country'. On the right side, there is a 'Public Profile Completeness' meter showing 32% completion. Below the meter is a list of fields to be completed: 'Short Description', 'Website', 'Annual Revenue', 'Certifications', 'D-U-N-S Number', 'Business Type', 'Industries', 'Company Description', and 'Company Logo'. At the bottom right, there is a 'Share Your Public Profile' section with a link to 'Click here to get your Ariba badge' and a 'View Public Profile' button.

# Configure Your Email Notifications

The Network Notifications section indicates which system notifications you would like to receive and allows you to designate which email addresses you would like to send them to.

1. **Click** on Notifications under Company Settings.
2. **Network Notifications** can be accessed from here as well, or you may switch to the Network tab when in Notifications.
3. **You can enter** up to 3 email addresses per notification type. You must separate each address with a comma but include NO spaces between the emails.

The screenshot displays the SAP Account Settings interface. The 'Company Settings' dropdown menu is open, showing the 'Notifications' option (1) and the 'Network Settings' option (2). The 'Network' tab is selected in the main navigation bar. The 'Electronic Order Routing' section is visible, showing notification types and their corresponding email addresses. The 'To email addresses' field is highlighted with a yellow circle (3).

Type	Send notifications when...	To email addresses (one req...)
Order	<input checked="" type="checkbox"/> Send a notification when orders are undelivered.	* junk@phoenix.ariba.com
Purchase Order Inquiry	<input type="checkbox"/> Send a notification when a new collaboration request is received.	* junk@phoenix.ariba.com
Time Sheet	<input type="checkbox"/> Send a notification when purchase order inquiries are received.	* junk@phoenix.ariba.com
Pending Queue	<input type="checkbox"/> Send a notification when purchase order inquiries are received.	* junk@phoenix.ariba.com
	<input type="checkbox"/> Send a notification when time sheets are undelivered.	* junk@phoenix.ariba.com
	<input type="checkbox"/> Send a notification when items delivered through pending queue are not acknowledged.	* junk@phoenix.ariba.com

# Configure Your Enablement Tasks

1. **From** home screen, select the Enablement Tab.
2. **Click** on the Enablement Tasks are pending link.
3. **Select** necessary pending tasks for completion.
4. **Choose** one of the following routing methods for Electronic Order Routing and Electronic Invoice Routing:  
**Online, cXML, EDI, Email, Fax or cXML** pending queue (available for Order routing only) and configure e-mail notifications.

# Review Your Relationships

## Current and Potential

1. **Click** on the Customer Relationships link in the **Company Settings** menu.
2. **Choose** to accept customer relationships either automatically or manually.
3. **In the Pending Section**, you can Approve or Reject pending relationship requests. In the Current Section, you can review your current customers' profiles and information portals. You can also review rejected customers in the Rejected Section.
4. **Find** potential customers in Potential Relationships tab.

The screenshot displays the 'Account Settings' interface with a sidebar on the right and a main content area. The sidebar, titled 'Company Settings', lists various configuration options: 'jUnitOrg - LV8b8ft...', 'ANID: AN02003380348', 'Standard Package', 'Company Profile', 'Service Subscriptions', 'Account Settings', 'Customer Relationships' (highlighted with a yellow circle 1), 'Users', 'Notifications', 'Account Hierarchy', 'View All', 'Network Settings', 'Electronic Order Routing', 'Electronic Invoice Routing', and 'Accelerated Payments'. The main content area is titled 'Account Settings' and has four tabs: 'Customer Relationships' (active), 'Users', 'Notifications', and 'Account Hierarchy'. Within the 'Customer Relationships' tab, there are two sub-tabs: 'Current Relationships' and 'Potential Relationships' (highlighted with a yellow circle 4). Below these tabs, a message states 'I prefer to receive relationship requests as follows:' with two radio buttons: 'Automatically accept all relationship requests' (selected) and 'Manually review all relationship requests'. An 'Update' button (highlighted with a yellow circle 2) is located below the radio buttons. The interface is divided into three sections: 'Pending', 'Current', and 'Rejected'. The 'Pending' section shows a table with columns 'Customer' and 'Requested Date', and a 'No items' message. Below the table are 'Approve' and 'Reject' buttons (highlighted with a yellow circle 3). The 'Current' section shows a table with columns 'Customer' and 'Approved Date'. It contains one entry for 'jUnitOrg - 5WQzy9VD565589b21009590920' with an 'Approved Date' of '25 Nov 2015'. Below the table is a 'Reject' button. The 'Rejected' section shows a table with columns 'Customer' and 'Rejected Date', and a 'No items' message.

# Set Up User Accounts

## Roles and Permission Details

### Administrator

- There can only be one administrator per ANID
- Automatically linked to the username and login entered during registration
- Responsible for account set-up/configuration and management
- Primary point of contact for users with questions or problems
- Creates users and assigns roles/permissions to users of the account

### User

- Up to 250 user accounts can exist per ANID
- Can have different roles/permissions, which correspond to the user's actual job responsibilities
- Can access all or only specific customers assigned by Administrator

# Set Up User Accounts

## Create Roles and Users (Administrator Only)

1. **Click** on the Users tab on the **Company Settings** menu.  
The Users page will load.
2. **Click** on the **Create Role** button in the Manage Roles section and type in the Name and a Description for the Role.
3. **Add Permissions to the Role** that correspond to the user's actual job responsibilities by checking the proper boxes and click save to create the role.
4. **To Create** a User Click on Create User button and add all relevant information about the user including name and contact info.
5. **Select** a role in the Role Assignment section and Click on Done.

The screenshot displays the SAP Ariba Network interface for managing users and roles. The main content area is divided into two sections: 'Manage Users' and 'Manage User Roles'. The 'Manage Users' section contains a table with columns for Username, Email Address, First Name, Last Name, and Ariba Discovery Contact. A 'Create User' button is visible at the bottom right of this section, marked with a yellow circle and the number 4. The 'Manage User Roles' section contains a table with columns for Role Name and Actions. A 'Create Role' button is visible at the bottom left of this section, marked with a yellow circle and the number 2. A 'Details' link for the 'Administrator' role is marked with a yellow circle and the number 3. A yellow circle with the number 5 is placed over the 'Manage User Roles' section header. A yellow circle with the number 1 is placed over the 'Users' link in the left-hand navigation menu. The left-hand navigation menu includes links for Company Settings, Company Profile, Service Subscriptions, Account Settings, Customer Relationships, Users, Notifications, Account Hierarchy, View All, Network Settings, Electronic Order Routing, Electronic Invoice Routing, Accelerated Payments, Remittances, Network Notifications, and View All. The top navigation bar includes links for Customer Relationships, Users, Notifications, and Account Hierarchy.

# Set Up User Accounts

## Modifying User Accounts (Administrator Only)

1. **Click** on the Users tab.
2. **Click** on Edit for the selected user.
3. **Click** on the Reset Password Button to reset the password of the user.
4. **Other options:**
  - Delete User
  - Add to Contact List
  - Remove from Contact List
  - Make Administrator

# Enhanced User Account Functionality

1. **Click** on your name in top right corner, to access the User Account Navigator. It enables you to:
  - Quickly access your personal user account information and settings
  - Link your multiple user accounts
  - Switch to your test account

**Note:** After your multiple user accounts are linked, the User Account Navigator displays the multiple accounts.

2. **Click** on My Account to view your user settings.
3. **Click** Complete or update all required fields marked by an asterisk.

**Note:** If you change username or password, remember to use it at your next login.

4. **Hide** personal information if necessary by checking the box in the Contact Information Preferences section.

# Consolidate Your Bills Through a Multi-Org

## Ariba offers invoice consolidation and synchronization for customers with several accounts

- Fees will be invoiced only to the parent account with the payment cycle synchronized for the entire group.
- The parent account will receive one single invoice every three months for all customer relationships and for all linked accounts.
- This consolidation is related only to invoices issued by Ariba to the supplier, the business operations of each account are still independent.

# Participate in a Multi-Org Guidelines

- The supplier needs to designate a **Parent ANID** under which the invoice will be viewed.
- The selection of the parent ANID determines the currency of the Multi-org invoice and the billing dates.
- The supplier should also have confirmed list of child ANID's to be included on the invoice.
- A Multi-Org is NOT:
  - A way to merge accounts.
  - A way to get a discount on Transaction Fees.

# Structure Your Multi-Org

1. **Register** all accounts which will be included in the Multi-Org.
2. **Create** a list of all ANIDs and designate the parent account.
3. **Wait** until the first ANID becomes chargeable.
4. **Contact Customer Support** through the Help Center and inform them of your need for the Multi Org.

# Link Accounts Via an Account Hierarchy

## Linkage between individual accounts for account management purposes

The administrator of the Parent account can log into the child account and take the following actions:

- Change settings on the child account and complete the company profile
- Publish catalogs
- Check the status of payment for the Ariba invoice and pay the invoice
- Upgrade to a higher Subscription package

The administrator of the Parent account cannot take following actions:

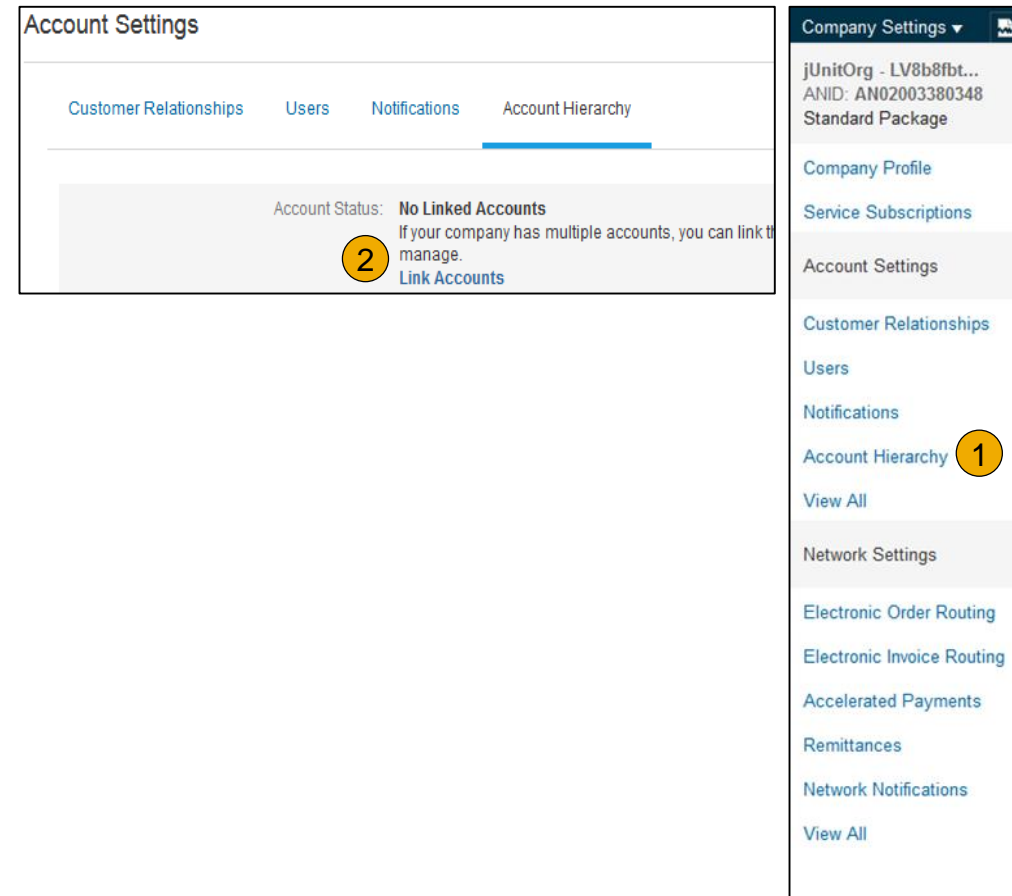

- View buyers on the Child account
- Create any documents (PO confirmations, Ship Notices, Invoices)
- Run Reports

# Create an Account Hierarchy

1. From the **Company Settings** menu, click Account Hierarchy.
2. To add child accounts click on Link Accounts.
3. The **Network** will detect if there is an existing account with corresponding information.
4. On the next page log in if you are the Administrator of the account.

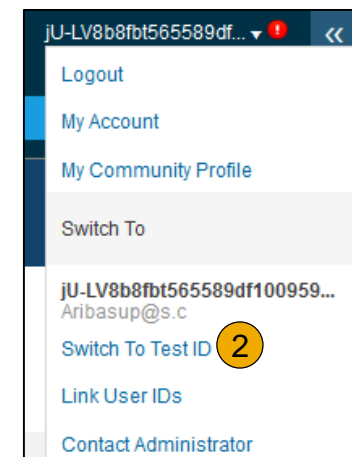

**Note:** If you are not the Administrator of the account, you can send a request as a 'Non Administrator' to the Administrator through an online form.

5. Once the request is confirmed by a child account administrator, the name of the linked account is displayed on the Account Hierarchy page.

# Set Up a Test Account

1. **To set up** your Test Account, you need to be on the tabular view of your Ariba Network Production Account.
2. **Click** your name in top right corner and then select Switch to Test ID. The Switch To Test Account button is only available to the account Administrator. The administrator can create test account usernames for all other users needing access to the test account.
3. **Click** OK when the Ariba Network displays a warning indicating You are about to switch to Test Mode.
4. **Create** a Username and Password for your test account and click OK. You will be transferred to your test account.
  - Your Test account should be configured to match your Production account. This will ensure the testing results are consistent with what will result in Production. Once you have set up your test account, you are ready to receive a test purchase order.**Note:** Test account transactions are free of charge.
5. **The Network** will always display which mode you are logged into, (Production or Test). Your **Test account ID** has the suffix “-T” appended to your Ariba Network ID (ANID).

A screenshot of the 'Create Test Account' form. The title is 'Create Test Account'. Below it, a message states: 'You are about to create a new account in the Test Mode. The trading relationship with the...'. The form contains three input fields: 'Username:\*' with the value 'test-Aribasup@s.c' (highlighted with a yellow circle and the number 4), 'Password:\*' with masked characters, and 'Confirm Password:\*' with masked characters.

## Purchase Order Detail

### 1. **View** the details of your order.

The order header includes the order date and information about the buying organization and supplier.

**Note:** You can always Resend a PO which was not sent to your email address, cXML or EDI properly clicking **Resend** button.

Additional options: **Export cXML** to save a copy of the cXML source information **Order History** for diagnosing problems and for auditing total value.

### 2. **Line Items section** describes the ordered items. Each line describes a quantity of items Occidental Petroleum Corporation wants to purchase. Set the status of each line item by sending order confirmations clicking Create Order Confirmation. The sub-total is located at the bottom of the purchase order.

Purchase Order: PO72547

# Create Order Confirmation

## Confirm Entire Order

This slide explains how to Confirm Entire Order.

1. **Enter** Confirmation Number which is any number you use to identify the order confirmation.
2. **If you specify** Est. Shipping Date or Est. Delivery Date information, it is applied for all line items.
3. **You can group** related line items or kit goods so that they can be processed as a unit.
4. **Click** Next when finished.
5. **Review** the order confirmation and click Submit.
6. **Your order confirmation is sent to Occidental Petroleum Corporation .**

The screenshot shows the 'Confirming PO' interface. At the top right are 'Exit' and 'Next' buttons. On the left is a navigation pane with '1 Confirm Entire Order' (selected) and '2 Review Order Confirmation'. The main area is titled 'Order Confirmation Header' and contains fields for 'Confirmation #', 'Associated Purchase Order #', 'Customer', and 'Supplier Reference'. A yellow circle with the number '1' points to the 'Confirmation #' field. Below this is the 'SHIPPING AND TAX INFORMATION' section with fields for 'Est. Shipping Date', 'Est. Delivery Date', 'Est. Shipping Cost', and 'Est. Tax Cost'. A yellow circle with the number '2' points to the 'Est. Shipping Date' field. A yellow circle with the number '4' points to the 'Next' button.

Once the order confirmation is submitted, the Order Status will display as Confirmed. When viewing documents online, links to all related documents are displayed. Click Done to return to the Inbox.

# Create Order Confirmation

## Update Line Items

1. **Select** Update Line Items, to set the status of each line item.
2. **Fill** in the requested information (the same as for Confirm All option).
3. **Scroll** down to view the line items and choose among possible values
4. **Note:** If your customer is allowing Supplier Network Collaboration (SNC), your Order Confirmation must be initiated within Ariba.

The screenshot displays the SAP Ariba interface for a Purchase Order. The top section, titled "Purchase Order: 20150415\_PO2", contains three buttons: "Create Order Confirmation" (highlighted with a blue border and a dropdown arrow), "Create Ship Notice", and "Create Invoice". A dropdown menu is open under "Create Order Confirmation", showing options: "Confirm Entire Order", "Update Line Items" (circled with a yellow '1'), and "Reject Entire Order". Below this menu, the "From:" field is populated with "Sandbox Buyer - Test", "Radlicka", "15000 Praha", and "Czech Republic".

The bottom section, titled "Confirming PO", shows a sidebar with two options: "1 Update Item Status" and "2 Review Confirmation" (circled with a yellow '2'). The main area is titled "Order Confirmation Header" and contains three input fields: "Confirmation #" (empty), "Associated Purchase Order # 20150415\_PO2" (circled with a yellow '2'), and "Customer Reference" (empty). Below these fields, the "Supplier Reference" field is also empty. A section titled "SHIPPING AND TAX INFORMATION" includes a checkbox "Enter shipping and tax information at the line item level." and two date fields: "Est. Shipping Date:" and "Est. Delivery Date:".

# Confirm Order

## Update Line Items - Reject

1. **Enter** the quantity in the Reject data entry field to reject item.
2. **Click** the Details button to enter a reason for the rejection in the Comments field on the Status Details page.
3. **Click OK** when done.

# Create Ship Notice

- 1. Create** Ship Notice using your Ariba account once items were shipped.  
Multiple ship notices per purchase order might be sent. Click the Create Ship Notice button.
- 2. Fill out** the requested information on the Shipping PO form. The Packing Slip ID is any number you use to identify the Ship Notice. Choose Carrier Name and then Tracking # and Shipping Method will appear.
- 3. Enter** Ship From information by clicking on Update Address. Any field with an asterisk is required.
- 4. Check** if Deliver to information is correct. Click OK.

The screenshot shows the Ariba Network interface for Purchase Order 20150415\_PO2. At the top, there are three buttons: 'Create Order Confirmation', 'Create Ship Notice' (highlighted with a yellow circle 1), and 'Create Invoice'. To the right of these buttons are 'Hide' and 'Print' links. Below the buttons, there are tabs for 'Order Detail' and 'Order History'. A button labeled 'Create a ship notice for the purchase order' is also visible.

The screenshot shows the 'Create Ship Notice' form. It has two main sections: 'SHIP FROM' and 'DELIVER TO'. The 'SHIP FROM' section has a yellow circle 3 highlighting the 'Update Address' link. The 'DELIVER TO' section has a yellow circle 4 highlighting the 'OK' button. Both sections have fields for Name, Department Name, Address 1, Address 2, Postal Code, City, State, and Country. The 'SHIP FROM' section is currently filled with 'Ariba\_TestSupplier - TEST', 'Praha 5', and 'Czech Republic'.

# Submit Ship Notice

1. **After reviewing** your Ship Notice, click Submit to send Ship Notice to Occidental Petroleum Corporation . Ship Notices provide improved communications to help avoid unnecessary calls to order support department.
2. **After submitting** your Ship Notice, the Order Status will be updated to Shipped. Submitted Ship Notices can be viewed from Outbox or by clicking the link under the Related Documents from the PO View.
3. **Click** Done to return to the Home page.

# Create a Service Entry Sheet

## Locate a Service PO

1. **Locate** your Service PO within your Inbox.

• **Note:** Utilize the **Advanced Search Filters** at the top of your inbox to narrow your view to Service POs only by checking the **Search Only Service Purchase Orders** box and clicking **Search**.

2. **Select** the radio button next to the desired PO and click **Create Service Sheet** OR click the **Order Number Hyperlink** to view the Service PO.

The screenshot displays the Ariba Network user interface. At the top, the 'Ariba Network' logo is visible, along with navigation links like HOME, INBOX, OUTBOX, CATALOGS, ENABLEMENT TASKS, and REPORTS. The 'INBOX' tab is selected. Below the navigation bar, there's a section for 'Orders and Releases' with a sub-tab 'Items to Ship'. A 'Search Filters' link is highlighted with a yellow circle labeled '1'. Below this, a table lists 'Orders and Releases (1)'. The table has columns for Type, Order Number, Customer, Inquiries, Ship To Address, Amount, Date, Order Status, Settlement, Amount Invoiced, Revision, and Actions. A row is shown for an 'Order' with Order Number 'ServicePO1', Customer 'SMO Buyer', Ship To Address 'SMO Buyer Pittsburgh, PA United States', Amount '\$20,000.00 USD', Date '7 Apr 2017', Order Status 'New', Settlement 'Invoice', Amount Invoiced '\$0.00 USD', Revision 'Original', and an 'Actions' link. Below the table, a row of buttons is visible: 'Create Order Confirmation', 'Create Ship Notice', 'Create Service Sheet' (highlighted with a yellow circle labeled '2'), 'Create Invoice', 'Hide', and 'Resend Failed Orders'. Below the main interface, the 'Search Filters' panel is expanded. It contains various search criteria: Customer (All Customers), Order Number (with a search icon), Buyer Location Code (with a search icon), Invoice Number (with a search icon), Show orders by (Creation Date selected), Date Range (Other selected), Start Date (22 Mar 2017), End Date (4 Apr 2017), Min. Amount (Minimum), Max. Amount (Maximum), Order Status (All), View (All except hidden orders), and checkboxes for 'Search only blanket purchase orders', 'Search only scheduling agreement releases or scheduling agreements', 'View all active', and 'Search only service purchase orders' (checked and highlighted with a yellow circle). At the bottom right of the panel, there's a 'Number of Results' dropdown set to '100', and 'Search' and 'Reset' buttons.

# Create a Service Entry Sheet

## Review Service PO

1. After reviewing your PO for accuracy, click **Create Service Sheet** at the top of bottom of your PO.

**Note:** Services will be indicated with the Service Icon next to the Line Type.

# Auto-Generate a Service Entry Sheet

## Create a Service Sheet from an Invoice

Occidental Petroleum Corporation allows automatically generated service sheets, you can create service invoices for each service line on a service order, and the corresponding service sheets are automatically generated and sent to the customer.

To create an auto-generated Service Sheet

1. **Within** your **INBOX**, locate the PO to invoice against and select **Create Invoice** and select **Standard Invoice**.
2. **Review** the Pop-Up message on your screen, alerting you of the auto-generation (see right).
3. **Click** the X to proceed with invoice creation and submission.
4. **Once** the invoice is approved, the service sheet will automatically generate and be available in your **Outbox** under Service Sheets.

**Note:** If clicking the box to not show the warning message again, please be aware that service sheets will continue to auto-generate for customers with this option enabled during invoice creation.

# Check Service Sheet Status

1. Click **Outbox** and select **Service Sheets** Tab.
2. **Routing** and **Approval Status** will be visible on each line.
3. If a **Service Sheet is rejected or failed**, view the reason by opening the Service Sheet and clicking the **History** Tab.

The screenshot shows the Ariba Network interface. The top navigation bar includes 'HOME', 'INBOX', 'OUTBOX' (highlighted with a yellow circle 1), 'CATALOGS', and 'REPORTS'. Below this, the 'Service Sheets' tab is selected (also highlighted with a yellow circle 1). The main area displays a table of 'Service Sheets (2)'. The table has columns: Service Sheet #, Customer, Related PO, Date, Amount, Routing Status, and Status. One row is highlighted with a yellow circle 2, showing a 'Failed' routing status and a 'Rejected' status (highlighted with a yellow circle 3). Below the table, there are buttons for 'Create Invoice' and 'Edit'. An inset window titled 'Service Sheet:' shows a detailed view of the selected sheet. It includes buttons for 'Create Invoice', 'Print', and 'Export cXML'. Below these are tabs for 'Detail' and 'History' (highlighted with a yellow circle 3). The 'History' tab is active, showing the service sheet details: 'Service Sheet (Rejected)', '4511207465-SES3', 'Date: 7 Mar 2017', 'Purchase Order: 4511207465', and 'Subtotal: £15.00 GBP'.

# Occidental Petroleum Corporation Invoice Requirements

1. Suppliers can enter taxes at the header level or line item level
2. Suppliers must provide a Reason for every Credit Memo
3. Suppliers must provide start and end dates at the header for service invoices
4. All invoices and credit memos must have an attachment

# Review Occidental Petroleum Corporation Invoice Rules

These rules determine what you can enter when you create invoices.

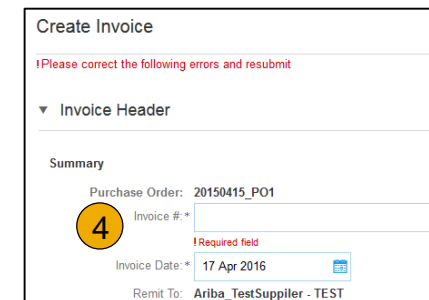

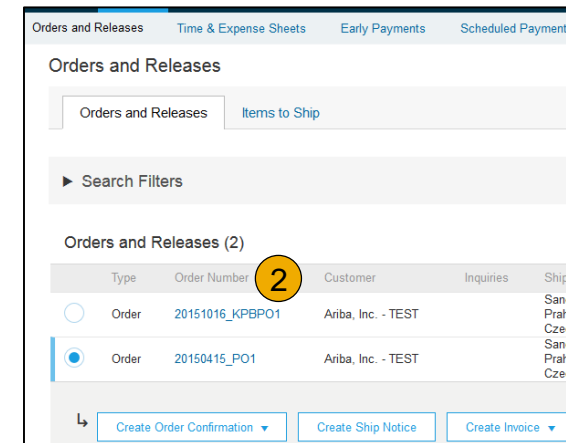

1. Login to your Ariba Network account via [supplier.ariba.com](https://supplier.ariba.com)
2. Select the Company Settings dropdown menu and under Account Settings, click Customer Relationships.
3. A list of your Customers is displayed. Click the name of your customer (Occidental Petroleum Corporation ).
4. Scroll down to the Invoice Setup section and view the General Invoice Rules.
5. If Occidental Petroleum Corporation enabled Country-Based Invoice Rules then you will be able to choose your Country in Originating Country of Invoice from the drop down menu.
6. Click Done when finished.

# Invoice via PO Flip

To create a PO-Flip invoice (or an invoice derived from a PO that you received via Ariba Network):

1. From the home screen within your Ariba Network account, select the **Create** dropdown menu and select **PO Invoice**.
2. For PO Invoice select a **PO number**.
3. Click on the **Create Invoice** button and then choose **Standard Invoice**.
4. Invoice is automatically pre-populated with the PO data. **Complete all fields marked with an asterisk and add tax as applicable**. Review your invoice for accuracy on the **Review** page. If no changes are needed, click **Submit** to send the invoice to Occidental Petroleum Corporation .

# Invoice via PO Flip Header

Invoice is automatically pre-populated with the PO data. Complete all fields marked with an asterisk and add tax as applicable.

1. **Enter an Invoice #** which is your unique number for invoice identification. The Invoice Date will auto-populate.
2. **Select Remit-To** address from the drop down box if you have entered more than one.
3. **Tax and Shipping can be entered** at either the Header or Line level by selecting the appropriate radio button.
4. **You can also add some additional information** to the Header of the invoice such as: Special Handling, Payment Term, Comment, Attachment, Shipping Documents.
5. **Scroll** down to the Line items section to select the line items being invoiced.

**Note:** Attachment file size should not exceed 40MB.

## Line Items

Line Items section shows the line items from the Purchase Order.

1. **Review or update Quantity** for each line item you are invoicing.
2. **If you wish** to exclude a line item from the invoice, click on the line item's green slider. You can also exclude the line item by clicking the check box to the left and clicking 'Delete'.

**Note:** You can generate another invoice later to bill for the excluded item.

3. **Select** the line item to which tax is to be applied using the Line Item # checkbox. To apply the same tax to multiple line items, select those line items to be taxed at the desired rate.
4. To configure additional Tax Options within the Tax Category tool, use the **Configure Tax Menu** option.
5. **Check** Tax Category and use the drop down to select from the displayed options. Click Add to Included Lines.

## Detail Line Items

6. **Additional information** can be viewed at the Line Item Level by editing a Line Item.

The screenshot displays the SAP PO Flip interface. At the top left, a 'Line Item Actions' dropdown menu is open, with a yellow circle '6' highlighting the 'Edit' option. The main 'Line Items' table shows one item: 'Copy Paper White, A3, 80gsm (ream 500 sheets)' with a quantity of 5 and a unit price of 0.50 EUR. Below this, the 'Create Invoice' form is shown. It contains fields for 'Quantity' (5), 'Unit' (EA), 'Unit Price' (1.00 EUR), and 'Subtotal' (5.00 EUR). The 'Description' field is populated with 'Copy Paper White, A3, 80gsm (ream 500 sheets)'. The 'Pricing Details' section shows 'Price Unit' as PCE and 'Price Unit Quantity' as 2. The 'Unit Conversion' is set to 1. The 'Shipping' section shows 'Ship From' as 'Ariba\_TestSupplier - TEST' and 'Ship To' as 'Sandbox Buyer - Test Praha'. The 'Deliver To' field is also populated with 'Czech Republic, Cristian Mihalache, 2nd Floor, SI Team'.

## Line Item Comments

1. To add comments at the line items select **Line Items**, then click at Line Item **Actions >Add >Comments**.
2. Upon refresh or **Update**, the Comments field will display. Enter applicable Comments in this field.
3. Click Next.

The screenshot illustrates the process of adding comments to a line item in SAP. The top section shows the 'Line Item Actions' dropdown menu, which is open, displaying options such as 'Edit', 'Add', 'Shipping Documents', 'Special Handling', 'Pricing Details', 'Discount', 'Allowance', 'Charge', 'Comments' (highlighted with a yellow circle 1), and 'Attachment'. The 'Add' button is also visible. Below the menu, the 'Comments' field is shown with a yellow circle 2 next to it, indicating where to enter the comment. The 'Next' button is highlighted with a yellow circle 3, indicating the final step in the process. The bottom section shows the 'Comments' field with a 'Remove' button next to it.

# Invoice via PO Flip

## Review, Save, or Submit to Customer

1. **Review** your invoice for accuracy from the Review page. Scroll down the page to view all line item details and invoice totals.
2. If no changes are needed, click **Submit** to send the invoice to Occidental Petroleum Corporation .
3. If changes are needed, click **Previous** to return to previous screens and make corrections before submitting.
4. Alternatively, **Save** your invoice at anytime during invoice creation to work on it later.
5. You may resume working on the invoice by selecting it from **Outbox>Drafts** on your Home page.
6. You can keep draft invoices for up to 7 days.

# Invoice via CSV

## Download Template

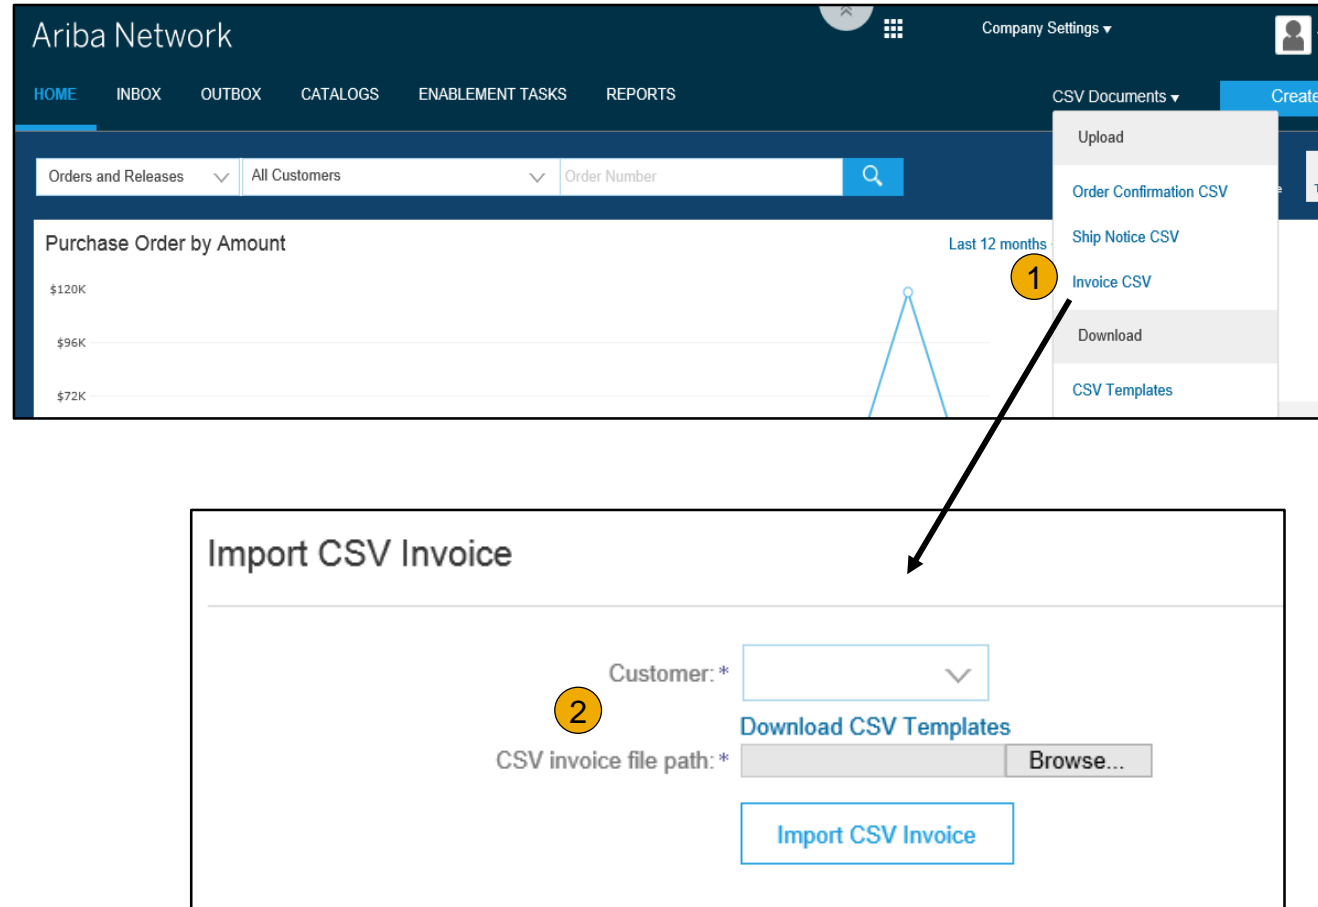

1. **Access** a customer's CSV file template, by going to **CSV Documents** and choosing **CSV Templates** under Download.
2. **Select** the correct template by finding Occidental Petroleum Corporation on the drop down menu, checking the radio button for Invoice, and clicking Download.
3. **Populate** the template and upload it from Create> CSV Invoice > Browse > Import.
4. **CSV files** are processed by Ariba Network and forwarded to the customer in the form of cXML message.
5. **For more information**, please read the CSV Upload Guide available from the Supplier Information Portal.

A screenshot of the 'Download CSV Templates' form. At the top right is a 'Done' button. Below it is a blue informational box. The form is divided into two sections: 'Custom Templates' and 'Standard Templates'. In the 'Custom Templates' section, there's a 'Customer' dropdown menu. Below it, there are two rows: 'Document' with a checked checkbox and 'Invoice' with a checked checkbox (the 'Invoice' row is highlighted with a yellow circle and the number '2'). A 'Download' button is at the bottom of this section. The 'Standard Templates' section below it has three rows: 'Document 1', 'Order Confirmation', and 'Ship Notice', each with an unchecked checkbox and a 'Download' button at the bottom.

# Invoice via CSV

## Upload Completed CSV

1. **Populate** the template and upload it from **CSV Documents > Upload > Invoice CSV**.
2. **CSV files** are processed by Ariba Network and forwarded to the customer in the form of cXML message.
3. **For more information**, please read the CSV Upload Guide available from the Supplier Information Portal.

# Invoice from a Service Sheet

## Locate Approved Service Sheet

The screenshot shows the Ariba Network user interface. At the top, the 'Ariba Network' logo is on the left, and 'Test Mode Company Settings' and a user profile icon are on the right. Below the logo, a navigation bar includes 'HOME', 'INBOX', 'OUTBOX' (highlighted with a yellow circle '1'), 'CATALOGS', and 'REPORTS'. To the right of this bar are 'CSV Documents' and a 'Create' button. Below the navigation bar, a sub-menu shows 'Invoices', 'Order Confirmations', 'Ship Notices', 'Service Sheets' (highlighted with a yellow circle '1'), and 'Drafts'. The main content area is titled 'Service Sheets' and contains a 'Search Filters' section. Below this, a table titled 'Service Sheets (2)' displays two rows of data. The first row is for 'ServiceSheet123' with a status of 'Approved'. The second row is for '12345' with a status of 'Sent'. A yellow circle '2' highlights the checkbox next to the '12345' row. At the bottom of the table, there are 'Create Invoice' and 'Edit' buttons.

	Service Sheet #	Customer	Related PO	Date	Amount	Routing Status	Status
<input type="checkbox"/>	ServiceSheet123	Ariba Ready Test	ServicePOExample	1 Mar 2017	\$128.50 USD	Acknowledged	Approved
<input type="checkbox"/>	12345	Ariba Ready Test	4700372768	28 Feb 2017	\$128.50 USD	Sent	Sent

1. Click **Outbox** and select **Service Sheets** Tab.
2. Select the checkbox next to the approved Service Sheet and click the **Create Invoice** button to open up the **Create Invoice** screen **OR** click the **Service Sheet #** to open the Service Sheet for review before invoicing.

**Note:** You will ONLY be able to create an invoice against an Approved Service Sheet.

# Invoice from a Service Sheet

## Invoice Header Information

Invoice information will automatically pre-populate from the Service Sheet.

1. **Complete** all fields marked with required with an asterisk (\*). Enter your Invoice Number. Invoice date will automatically populate.

# Create a Credit Memo

## Header Level

To create a credit memo against an entire invoice:

1. **Select** the **INBOX** tab.
2. **Select** the PO to be credited by clicking the radio button on the PO.
3. **Click** on **Create Invoice** and choose **Credit Memo** OR select **Credit Memo** from the **Actions** dropdown menu.
4. **Complete** information in the form of Credit Memo (the amount and taxes will automatically be negative). Make sure that all required fields marked with asterisks are filled in.
  - **NOTE:** All Credit Memos **MUST** have a Reason
5. **Click Next.**
6. **Review** Credit Memo.
7. **Click Submit.**

The screenshot illustrates the Ariba work interface for creating a credit memo. The top navigation bar includes 'HOME', 'INBOX', 'OUTBOX', 'CATALOGS', 'ENABLEMENT TASKS', and 'REPORTS'. The 'INBOX' tab is selected, and the 'Orders and Releases' section is active. A table lists 'Orders and Releases (1)' with columns for Type, Order Number, Customer, Inquiries, Ship To Address, Amount, Date, Order Status, Settlement, Amount Invoiced, Revision, and Actions. The first row shows an 'Order' for 'ServicePO1' with a customer 'SMO Buyer' and an amount of '\$20,000.00 USD'. The 'Actions' dropdown menu is open, showing options like 'Standard Invoice', 'Credit Memo', and 'Line-Item Credit Memo'. The 'Credit Memo' option is selected. The 'Create Credit Memo' form is displayed, with fields for 'Header Information' (Invoice #, Invoice Date, Supplier Account ID, Original PO #, Customer Reference, Supplier Reference) and 'Adjustment' (Adjustment in Subtotal, Adjustment in Tax, Adjustment in Special Handling, Adjustment in Shipping). The 'Adjustment in Subtotal' field is highlighted. The 'Attachments' section shows a file upload area. The 'Review' screen displays the 'Subtotal: \$5.00 USD', 'Total Tax: \$0.00 USD', 'Total Gross Amount: \$5.00 USD', 'Total Net Amount: \$5.00 USD', and 'Amount Due: \$5.00 USD'. The 'Submit' button is highlighted.

# Copy an Existing Invoice

To copy an existing invoice in order to create a new invoice:

1. **Select** the **OUTBOX** Tab.
2. **Either Select** the radio button for the invoice you want to copy, and click Copy. OR Open the invoice you want to copy.
3. **On the Detail** tab, click **Copy This Invoice**.
4. **Enter** an new invoice number.
5. **For VAT lines**, make sure the date of supply at the line level is correct.
6. **Edit** the other fields as necessary.
7. **Click Next**, review the invoice, and save or submit it.

# Search for Invoice

## (Quick & Refined)

### Quick Search:

1. **From the Home Tab**, Select Invoices in the Document type to search.
2. **Select** Occidental Petroleum Corporation from Customer Drop down menu.
3. **Enter** Document # , if known. Select Date Range, up to 90 days for Invoices and Click Search.

**Refined Search:** Allows a refined search of Invoices within up to 90 last days.

4. **Search Filters** from Outbox (Invoices).
5. **Enter** the criteria to build the desired search filter.
6. **Click** Search.

This screenshot shows the top navigation bar of the SAP system with tabs for HOME, INBOX, OUTBOX, CATALOGS, and REPORTS. Below the navigation bar is a search bar. Annotation 1 points to the 'Invoices' dropdown menu. Annotation 2 points to the 'All Customers' dropdown menu. Annotation 3 points to the search input field and the search button.

This screenshot shows the 'OUTBOX' tab selected in the navigation bar. Below the navigation bar are tabs for 'Invoices', 'Order Confirmations', 'Ship Notices', and 'Drafts'. The 'Invoices' tab is active. Below the tabs is a section titled 'Invoices' with a 'Search Filters' button. Annotation 4 points to the 'Search Filters' button.

This screenshot shows the 'Invoices' search filters form. It contains various input fields for search criteria. Annotation 5 points to the 'Min. Amount' and 'Max. Amount' input fields. Annotation 6 points to the 'Show only Invoices with Invoice Addendums' checkbox. The form also includes a 'Status' dropdown, a 'Date Range' dropdown, and a 'Supplier Reference' input field. At the bottom, there is a 'Number of Results' dropdown set to 100, and 'Search' and 'Reset' buttons.

# Check Invoice Status

## Routing Status To Your Customer

### Check Status:

If you configured your Invoice Notifications as noted earlier in this presentation, you will receive emails regarding invoice status. You can also check invoice status from the **Outbox** by selecting the invoice link.

### Routing Status

Reflects the status of the transmission of the invoice to Occidental Petroleum Corporation via the Ariba Network.

- **Obsoleted** – You canceled the invoice
- **Failed** – Invoice failed Occidental Petroleum Corporation invoicing rules. Occidental Petroleum Corporation will not receive this invoice
- **Queued** – Ariba Network received the invoice but has not processed it
- **Sent** – Ariba Network sent the invoice to a queue. The invoice is awaiting pickup by the customer
- **Acknowledged** – Occidental Petroleum Corporation invoicing application has acknowledged the receipt of the invoice

# Check Invoice Status

## Review Invoice Status With Your Customer

### Invoice Status

Reflects the status of Occidental Petroleum Corporation 's action on the Invoice.

- **Sent** – The invoice is sent to the Occidental Petroleum Corporation but they have not yet verified the invoice against purchase orders and receipts
- **Cancelled** – Occidental Petroleum Corporation approved the invoice cancellation
- **Paid** – Occidental Petroleum Corporation paid the invoice / in the process of issuing payment. Only if Occidental Petroleum Corporation uses invoices to trigger payment.
- **Approved** – Occidental Petroleum Corporation has verified the invoice against the purchase orders or contracts and receipts and approved it for payment
- **Rejected** – Occidental Petroleum Corporation has rejected the invoice or the invoice failed validation by Ariba Network. If Occidental Petroleum Corporation accepts the invoice or approves it for payment, invoice status updated to Sent (invoice accepted) or Approved (invoice approved for payment)
- **Failed** – Ariba Network experienced a problem routing the invoice

# Review Invoice History

## Check Status Comments

Access any invoice:

1. **Click** on the History tab to view status details and invoice history.
2. **History and status comments** for the invoice are displayed.
3. **Transaction history** can be used in problem determination for failed or rejected transactions.
4. **When you are done** reviewing the history, click Done.

# Download Invoice Reports

## Learn About Transacting

Reports help provide additional information and details on transactions on the Network in a comprehensive format.

1. Click the **Reports** tab from the menu at the top of the page.
2. Click **Create**.

- **Invoice reports** provide information on invoices you have sent to customers for tracking invoices over time or overall invoice volume for a period of time.
- **Failed Invoice reports** provide details on failed and rejected invoices. These reports are useful for troubleshooting invoices that fail to route correctly.
- Reports can be created by Administrator or User with appropriate permissions.
- **Bronze** (and higher) members may choose **Manual** or **Scheduled** report. Set scheduling information if Scheduled report is selected.

# Invoice Reports

3. Enter required information. Select an Invoice report type — Failed Invoice or Invoice.
4. Click Next.
5. Specify Customer and Created Date in Criteria.
6. Click Submit.
7. You can view and download the report in CSV format when its status is Processed.

**Note:** For more detailed instructions on generating reports, refer to the **Ariba Network Transactions Guide** found on the **HELP** page of your account.

# Invoice Archival

Configuring invoice archiving allows you to specify the frequency, immediacy, and delivery of zipped invoice archives. If you wish to utilize it, please follow these steps:

1. From the **Company Settings** dropdown menu, select **Electronic Invoice Routing**.
2. Select the tab **Tax Invoicing and Archiving**.
3. Scroll down to **Invoice Archival** and select the link for **Configure Invoice Archival**.
4. Select **frequency** (Twice Daily, Daily, Weekly, Biweekly or Monthly), choose **Archive Immediately** to archive without waiting 30 days, and click **Start**.
  - If you want Ariba to deliver automatically archived zip files to you, also enter an Archive Delivery URL (otherwise you can download invoices from your Outbox, section Archived Invoices).
  - **Note:** After **Archive Immediately** started you can either **Stop** it or **Update Frequency** any time.
5. You may navigate back to the **Tax Invoicing and Archiving** screen in order to subscribe to **Long-Term Document Archiving** for an integrated archiving solution. (More details within the Terms and Policies link.)

# Troubleshoot Your Invoice Issues

How do I know  
which type of  
invoice to  
create?

What does this  
error message  
mean?

How do I cancel  
an invoice that  
I've sent?

How do I edit and  
resubmit an  
invoice that I've  
sent?

What should I do  
if my invoice has  
been rejected?

Can I resend a  
failed or rejected  
invoice with the  
same invoice  
number?

How do I tell  
when my invoice  
will be paid?

**Thank you.**
