What is Ariba Network?

Boston University has selected Ariba Network as their electronic transaction provider. As a Boston University supplier, you have been invited by your customer to join Ariba Network and start transacting electronically with them.

Boston University Objectives

Business Objectives

- Provide our shoppers with a streamlined, intuitive eCatalog experience that helps them quickly identify and select the goods and services they need, and;
- To automate our P2P processes so we can transact digitally through the Ariba Network. For non-integrated suppliers, this includes options for electronically receiving orders and sending invoices via PDF Invoicing or PO Flip

Benefits to Suppliers

- eCommerce transaction automation
- Streamlined payment processing
- Potential additional business volume with preferred status through Ariba Guided Buying
- Self-service visibility into all transactions and payments with Boston University
- Exposure to new potential customers through Ariba Discovery and the Ariba Network

Review Boston University Specifications

Supported Documents

Boston University project specifics:

- **Tax data** is accepted at the header/summary level on the invoice.
- **Shipping data** is accepted at the header/summary level and the Location is accepted at the line item level.

Supported

- **Detail Invoices**
Apply against a single purchase order referencing a line item
- **Partial Invoices**
Apply against specific line items from a single purchase order
- **BPO Invoices**
Invoices against a blanket purchase order
- **Contract Invoices**
Apply against contracts
- **Line Level Credit Invoices/Credit Memos**
Item level credits; quantity adjustments
- **Duplicate Invoices**
Suppliers may reuse invoice numbers for invoices in the cancelled, rejected, or failed state

Review Boston University Specifications

NOT Supported Documents

NOT Supported:

- **Summary or Consolidated Invoices**

Apply against multiple purchase orders; not accepted by Boston University

- **Invoicing for Purchasing Cards (P-Cards)**

An invoice for an order placed using a purchasing card; not accepted by Boston University

- **Paper Invoices**

Boston University requires invoices to be submitted electronically through Ariba Network; Boston University will no longer accept paper invoices

- **Header Level Credit Memos**

Credit Memos applied against whole invoices; not accepted by Boston University

- **Service Entry Sheets**

Apply against a single purchase order referencing a line item; not accepted by Boston University

- **Non-PO Invoices**

Apply against a PO not received through Ariba Network; not accepted by Boston University

- **Service Invoices**

Invoices that require service line item details; not accepted by Boston University

[Test Accounts](#)

Boston University Specific Account Configuration

- **VAT ID / TAX ID** – select Company Settings in the top right corner, go to Company Profile and select tab Business. In the section Financial Information enter your Vat ID / Tax ID.
- **Test Account Creation (testing is required for integrated and catalog suppliers)** – To create a test account, select your name in top right corner and choose “Switch to Test ID.”

Boston University Update for Remittance Information

Suppliers with multiple remittance addresses

- **New Remittance Address Update** – If you have a new remittance address, provide an update to Boston University via a supplier registration questionnaire. Boston University will then provide you with a Remit ID associated with the new address.
- **Add the Remittance Address and ID to the Ariba Network** - select Company Settings in the top right corner and go to Remittances. In the EFT/Check Remittances section select Create and complete all required fields marked by an asterisk.
- **Payment Methods** – select Company Settings in the top right corner and go to Remittances. In the EFT/Check Remittances section select Create/Edit. In the Payment methods section choose one of the following options: ACH, Check, Credit card or Wire. Complete the details.
- **Note – If you have multiple remittance addresses** Boston University will provide you with the associated Remit ID and this information must be loaded in the Ariba Network else invoices will be rejected. **If you have only one remittance address**, Boston University will not provide you with a Remit ID and the above steps are not necessary.

Accept Your Invitation

The invitation is also referred to as the **Trading Relationship Request**, or TRR. This e-mail contains information about transacting electronically with your customer.

1. **Click** the link in the emailed letter to proceed to the landing page.

Ariba Network

Help Center >>

Welcome to Ariba® Network

SMO Buyer has invited you to join Ariba Network.

New User

Are you new to the Ariba Network? If you do not have an account and would like to participate, click **Register Now**. By signing up with the Ariba Network, you will establish a trading relationship with your requesting customer. Your new account will also be visible to other buying organizations on the Ariba Network.

Register Now

[I have further questions for my requesting customer](#)

Existing User

If you already have an Ariba Commerce Cloud or Ariba Discovery account, enter your existing username and password and click **Confirm** to log in to the Ariba Network.

Username:

Password:

[Forgot Password?](#)

Confirm

When you confirm your existing username and password, Ariba will send a notification to your requesting customer, informing them that you already have an Ariba Network account and that you have accepted their trading relationship request.

Register as a New User

1. Click **Register Now**.

2. Enter Company Information fields marked required with an asterisk (*) including:

- **Company Name**
- **Country**
- **Address**

3. Enter User Account information marked required with an asterisk (*) including:

- **Name**
- **Email Address**
- **Username (if not the same as email address)**
- **Password**

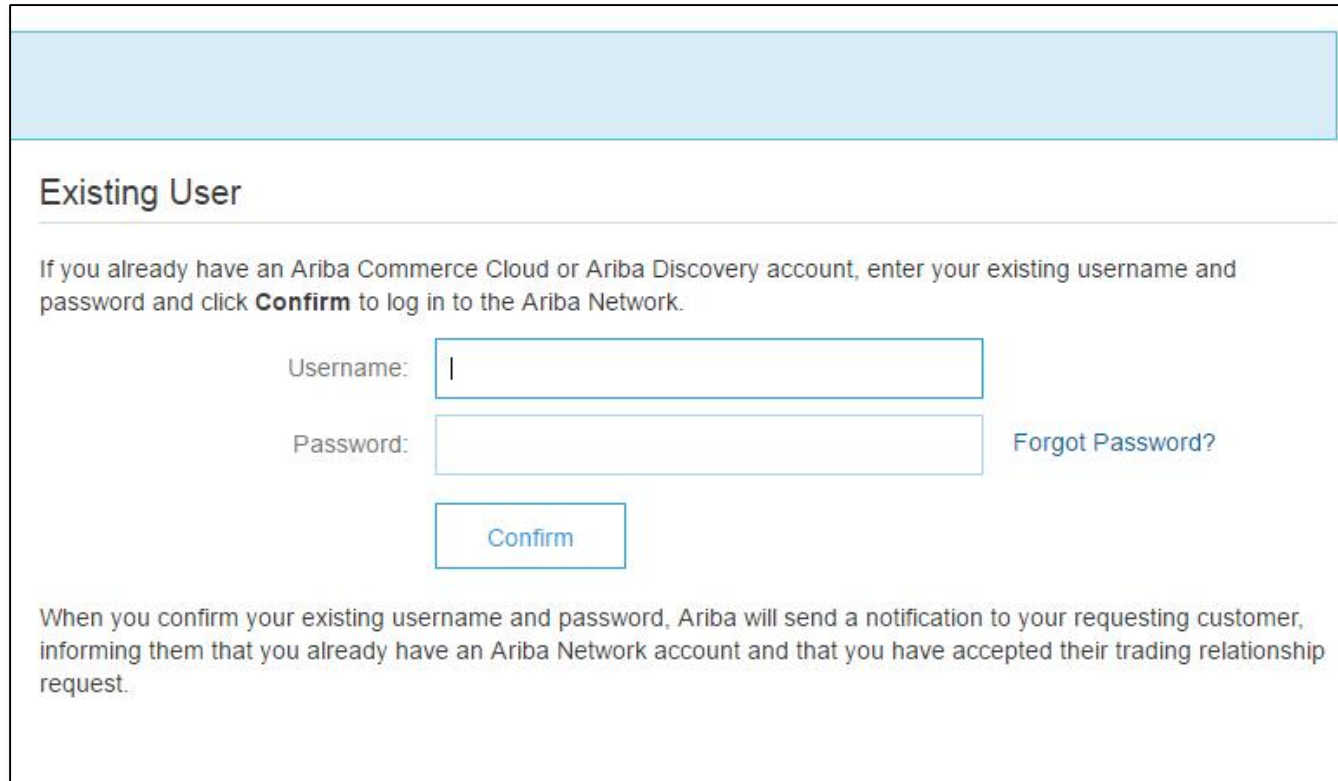

1. Accept the **Terms of Use** by checking the box.

2. Click **Register** to proceed to your home screen.

The screenshot shows the Ariba Network registration process. A callout box at the top left, labeled '1', contains the text: 'New User. Are you new to the Ariba Network? If you do not have an account and would like to participate, click **Register Now**. By signing up with the Ariba Network, you will establish a trading relationship with your requesting customer. Your new account will also be visible to other buying organizations on the Ariba Network.' Below this, the 'Register Now' button is highlighted with a blue circle labeled '1'. The main form is divided into two sections: 'Company information' and 'User account information'. In the 'Company information' section, the 'Company Name' field is highlighted with a blue circle labeled '2'. In the 'User account information' section, the 'Name' field (with sub-fields for First Name and Last Name) is highlighted with a blue circle labeled '3'. The 'Email' field is also highlighted with a blue circle labeled '3'. The 'Username' field is highlighted with a blue circle labeled '4'. The 'Password' field is highlighted with a blue circle labeled '5'. The 'Repeat Password' field is also highlighted with a blue circle labeled '5'. At the bottom of the form, there is a checkbox labeled 'I have read and agree to the Terms of Use and the Ariba Privacy Statement' and a 'Register' button.

Accept Relationship as an Existing User

1. **Log in** using your current Ariba username and password in order to accept the relationship with your customer.

The screenshot shows a web interface for logging in as an existing user. At the top is a light blue header bar. Below it, the section is titled 'Existing User'. A paragraph of text explains that users with an Ariba Commerce Cloud or Ariba Discovery account should enter their existing username and password and click 'Confirm' to log in. There are two input fields: 'Username:' and 'Password:'. The 'Username:' field contains a single character 'I'. To the right of the 'Password:' field is a link labeled 'Forgot Password?'. Below the input fields is a blue button labeled 'Confirm'. At the bottom, a paragraph states that upon confirmation, Ariba will send a notification to the requesting customer, informing them that the user already has an Ariba Network account and has accepted their trading relationship request.

Existing User

If you already have an Ariba Commerce Cloud or Ariba Discovery account, enter your existing username and password and click **Confirm** to log in to the Ariba Network.

Configure Your Email Notifications

The Network Notifications section indicates which system notifications you would like to receive and allows you to designate which email addresses you would like to send them to.

1. **Click** on Notifications under Company Settings.
2. **Network Notifications** can be accessed from here as well, or you may switch to the Network tab when in Notifications.
3. **You can enter** up to 3 email addresses per notification type. You must separate each address with a comma but include NO spaces between the emails.

The screenshot displays the 'Account Settings' interface. At the top, a navigation bar includes 'Customer Relationships', 'Users', 'Notifications' (highlighted with a blue bar and a yellow circle '2'), and 'Account Hierarchy'. Below this, a sub-navigation bar shows 'General', 'Network' (highlighted with a blue bar), 'Discovery', and 'Sourcing & Contracts'. The main content area is titled 'Electronic Order Routing' and contains a table with notification types and their corresponding settings. A dropdown menu is open on the right, showing the path: 'Company Settings' > 'Notifications' (highlighted with a yellow circle '1') > 'View All' (highlighted with a yellow circle '2'). The table lists notification types: 'Order', 'Purchase Order Inquiry', 'Time Sheet', and 'Pending Queue'. The 'Order' type has a checked checkbox for 'Send a notification when orders are undelivered'. The 'To email addresses' field on the right is populated with 'junk@phoenix.ariba.com' (highlighted with a yellow circle '3').

Type	Send notifications when...
Order	<input checked="" type="checkbox"/> Send a notification when orders are undelivered.
Purchase Order Inquiry	<input type="checkbox"/> Send a notification when a new collaboration request is received.
Time Sheet	<input type="checkbox"/> Send a notification when purchase order inquiries are received.
Pending Queue	<input type="checkbox"/> Send a notification when purchase order inquiries are received.
	<input type="checkbox"/> Send a notification when time sheets are undelivered.
	<input type="checkbox"/> Send a notification when items delivered through pending queue are not acknowledged.

To email addresses (one required):
* junk@phoenix.ariba.com
* junk@phoenix.ariba.com
* junk@phoenix.ariba.com
* junk@phoenix.ariba.com

Configure Your Enablement Tasks

1. **From** home screen, select the Enablement Tab.
2. **Click** on the Enablement Tasks are pending link.
3. **Select** necessary pending tasks for completion.
4. **Choose** one of the following routing methods for Electronic Order Routing and Electronic Invoice Routing:
Online, cXML, EDI, Email, Fax or cXML pending queue (available for Order routing only) and configure e-mail notifications.

How to Update the Remit Address in the Boston University Registration (1 of 5)

Log in to bu.supplier.ariba.com. After you log in, the supplier registration questionnaire link is available on the home page.

Step 1. Click Supplier Registration Questionnaire

Step 2. Click Revise Response

1 Click on the **Supplier registration questionnaire** link under the Registration Questionnaires section.

2 Click **Revise Response** to edit the responses.

Note: Modifying a questionnaire after it has been submitted will restart the registration approval workflow.

How to Update the Remit Address in the Boston University Registration (2 of 5)

Identify company communication profile in section 3.

3 Company Communication Profile	
3.1 Primary phone - please only enter numbers, dashes and spaces	* <input type="text"/>
3.2 Preferred communication method for purchase orders	* Email(INT) ▼
3.4 Primary ordering email	* <input type="text"/>
3.5 Does the company have an Ariba Network ID?	* Unspecified ▼
3.7 Company website	<input type="text"/>
3.8 Is the physical remit-to address the same as the company's primary mailing address above?	* No ▼
3.9 Remit-to address	<div><div>*Show More</div><div>Street: <input type="text"/> ⓘ House Number: <input type="text"/> ⓘ</div><div>Street 2: <input type="text"/> ⓘ</div><div>Street 3: <input type="text"/> ⓘ</div><div>District: <input type="text"/> ⓘ</div><div>Postal Code: <input type="text"/> ⓘ City: <input type="text"/> ⓘ</div><div>Country: (no value) ▼ ⓘ Region: (no value) ▼ ⓘ</div></div>

Special Instructions:

- 3 If the company physical remit-to address is different than the company's primary address entered in **line 1.4**, select no in **line 3.8**. Enter the remit-to address in **line 3.9**.

How to Update the Remit Address in the Boston University Registration (3 of 5)

When you choose to update a completed questionnaire, you will be prompted to confirm that you would like to proceed.

A screenshot of a web application interface. A modal dialog box titled 'Revise Response?' is centered on the screen. The dialog contains the text: 'You have already submitted a response for this event. Click OK if you would like to revise your response.' Below the text are two buttons: 'OK' and 'Cancel'. A red circle with the number '4' is placed over the 'OK' button. A yellow callout box with an arrow points to the 'OK' button and contains the text 'Step 3. Click OK'. The background shows a sidebar with 'Event Contents' and a list of items, and a main content area with a 'Revise Response' button at the top.

4 Click **OK** to continue.

5 Click **Submit entire response** and **OK** on the confirming prompt.

Note: Once the response is submitted by the supplier, an approval work flow is triggered at Boston University based on the response received. Boston University can approve/reject/request additional info base on the response submitted.

A screenshot of a web application interface showing a 'Supplier registration questionnaire'. The form is titled 'Doc1896196720 - Supplier registration questionnaire' and has a timer showing '317 days 04:25:50'. The form is divided into sections: 'Event Contents', 'All Content', and '7 Certification of Submission'. The '7 Certification of Submission' section contains a text area for a certificate and a dropdown menu with 'Yes' selected. A red circle with the number '5' is placed over the 'Submit Entire Response' button at the bottom. A yellow callout box with an arrow points to the 'Submit Entire Response' button and contains the text 'Step 4. Click Submit Entire Response'. The background shows a sidebar with 'Event Contents' and a list of items, and a main content area with a 'Revise Response' button at the top.

How to Update the Remit Address in the Boston University Registration (4 of 5)

1. From the **Company Settings** dropdown menu, click on **Remittances**.
2. Click **Create** to create new company remittance information, or **Edit**, if you need to change existing information.
3. **Complete** all required fields marked by an asterisk in the EFT/Check Remittances section.
4. **Select** one of your Remittance Addresses as a default if you have more than one. If needed, assign **Remittance IDs** for this address for each of your customers. Clients may ask you to assign IDs to your addresses so they can refer to the addresses uniquely. Each client can assign different IDs.

Note: If you have multiple remittance addresses and you do not know the remit ID, reach out to supplier@bu.edu. If you only have one remittance address this step is not required.

The screenshot displays two SAP interface windows. The top window, titled 'Network Settings', shows a sidebar with 'Company Settings' and a main area with tabs for 'Electronic Order Routing', 'Electronic Invoice Routing', 'Accelerated Payments', and 'Settlement'. The 'Settlement' tab is active, showing 'EFT/Check Remittances' with a table of remittance addresses. A 'Create' button is highlighted with a yellow circle and the number 2. The bottom window, titled 'Create Remittance Address / Payment Info', shows a form for adding a new remittance address. The 'Remittance Address' section has a 'Make this address default' checkbox highlighted with a yellow circle and the number 4. The 'Country' field is set to 'United Kingdom [GBR]'. A yellow circle with the number 3 is placed over the 'Address 1' field. A yellow circle with the number 1 is placed over the 'Remittances' link in the sidebar of the top window.

How to Update the Remit Address in the Boston University Registration

Review Your Relationships

Current and Potential

1. **Click** on the Customer Relationships link in the **Company Settings** menu.
2. **Choose** to accept customer trading relationship request either automatically or manually.
3. **In the Pending Section**, you can Approve or Reject pending relationship requests. In the Current Section, you can review your current customers' profiles and information portals. You can also review rejected customers in the Rejected Section.
4. **Find** potential customers in Potential Relationships tab.

The screenshot displays the 'Account Settings' interface. The main panel has tabs for 'Customer Relationships', 'Users', 'Notifications', and 'Account Hierarchy'. Under 'Customer Relationships', there are sub-tabs for 'Current Relationships' and 'Potential Relationships'. The 'Potential Relationships' tab is selected and highlighted with a yellow circle containing the number 4. Below these tabs, there is a section titled 'I prefer to receive relationship requests as follows:' with two radio buttons: 'Automatically accept all relationship requests' (selected) and 'Manually review all relationship requests'. An 'Update' button is next to the selected option, highlighted with a yellow circle containing the number 2. Below this is a 'Pending' section with a table header 'Customer' and 'Requested Date'. The table is empty, with 'No items' displayed. Below the table are 'Approve' and 'Reject' buttons, with the 'Reject' button highlighted by a yellow circle containing the number 3. Below the 'Pending' section is a 'Current' section with a table header 'Customer' and 'Approved Date'. The table contains one entry: 'jUnitOrg - 5WQzy9VD565589b21009590920' with an 'Approved Date' of '25 Nov 2015'. Below the table is a 'Reject' button. Below the 'Current' section is a 'Rejected' section with a table header 'Customer' and 'Rejected Date'. The table is empty, with 'No items' displayed. To the right of the main panel is a sidebar menu titled 'Company Settings'. It lists various settings: 'jUnitOrg - LV8b8ft...', 'ANID: AN02003380348', 'Standard Package', 'Company Profile', 'Service Subscriptions', 'Account Settings', 'Customer Relationships' (highlighted with a yellow circle containing the number 1), 'Users', 'Notifications', 'Account Hierarchy', 'View All', 'Network Settings', 'Electronic Order Routing', 'Electronic Invoice Routing', and 'Accelerated Payments'.

Set Up User Accounts

Roles and Permission Details

Administrator

- There can only be one administrator per ANID
- Automatically linked to the username and login entered during registration
- Responsible for account set-up/configuration and management
- Primary point of contact for users with questions or problems
- Creates users and assigns roles/permissions to users of the account

User

- Up to 250 user accounts can exist per ANID
- Can have different roles/permissions, which correspond to the user's actual job responsibilities
- Can access all or only specific customers assigned by Administrator

Set Up User Accounts

Create Roles and Users (Administrator Only)

1. **Click** on the Users tab on the **Company Settings** menu.
The Users page will load.
2. **Click** on the **Create Role** button in the Manage Roles section and type in the Name and a Description for the Role.
3. **Add Permissions to the Role** that correspond to the user's actual job responsibilities by checking the proper boxes and click save to create the role.
4. **To Create** a User Click on Create User button and add all relevant information about the user including name and contact info.
5. **Select** a role in the Role Assignment section and Click on Done.

The screenshot displays the SAP S/4HANA User Management interface. The top navigation bar includes tabs for Customer Relationships, Users, Notifications, and Account Hierarchy. The 'Users' tab is active, showing the 'Manage Users' section. Below this, there is a table of users with columns for Username, Email Address, First Name, Last Name, and Ariba Discovery Credentials. A 'Create User' button is visible next to the user entry. The 'Manage User Roles' section is also shown, with a 'Create Role' button. The 'Role' table lists roles like Administrator and All Access, with an 'Actions' column containing 'Details', 'Edit', and 'Delete' links. The right sidebar shows the 'Company Settings' menu with various options like Company Profile, Service Subscriptions, Account Settings, Customer Relationships, Users, Notifications, Account Hierarchy, View All, Network Settings, Electronic Order Routing, Electronic Invoice Routing, Accelerated Payments, Remittances, Network Notifications, and View All. Numbered callouts (1-5) highlight specific elements: 1 points to the 'Users' link in the sidebar, 2 points to the 'Create Role' button, 3 points to the 'Details' link in the Role table, 4 points to the 'Create User' button, and 5 points to the 'Manage User Roles' section header.

Set Up User Accounts

Modifying User Accounts (Administrator Only)

1. **Click** on the Users tab.
2. **Click** on Edit for the selected user.
3. **Click** on the Reset Password Button to reset the password of the user.

Enhanced User Account Functionality

1. **Click** on your name in top right corner, to access the User Account Navigator. It enables you to:
 - Quickly access your personal user account information and settings
 - Link your multiple user accounts
 - Switch to your test account

Note: After your multiple user accounts are linked, the User Account Navigator displays the multiple accounts.

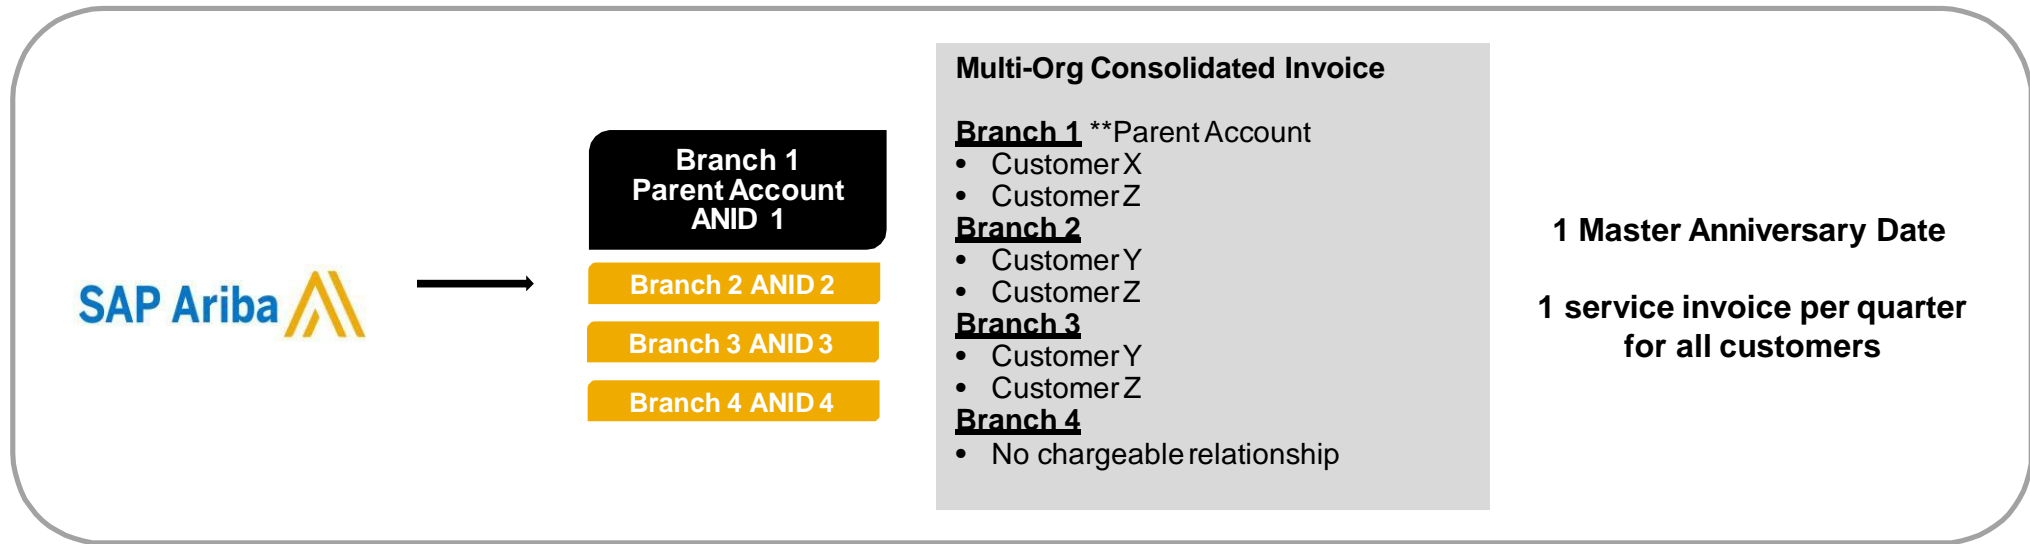

2. **Click** on My Account to view your user settings.
3. **Click** Complete or update all required fields marked by an asterisk.

Note: If you change username or password, remember to use it at your next login.

4. **Hide** personal information if necessary by checking the box in the Contact Information Preferences section.

The screenshot displays the SAP User Account Navigator interface. At the top right, a user menu (1) is visible, containing options like Logout, My Account (2), My Community Profile, Switch To, and a list of accounts including jU-LV8b8ft565589df100959... (1). The My Account page is shown with tabs for Account Settings and Account Information. The Account Settings tab is active, displaying fields for Username (Aribasup@s.c), Email Address (junk@phoenix.ariba.com), First Name (jU-LV8b8ft565589df1009590921), Middle Name, Last Name (lastName), and Business Role (Business Owner). A Security section includes Secret Question (What is the last name of your first boss?), Secret Answer (4 dots), and Confirm Secret Answer (4 dots). Numbered callouts 1-4 highlight key elements: 1 points to the user menu, 2 to the My Account link, 3 to the Change Password link, and 4 to the Secret Answer field.

Consolidate Your Bills Through a Multi-Org

Ariba offers invoice consolidation and synchronization for customers with several accounts

- Fees will be invoiced only to the parent account with the payment cycle synchronized for the entire group.
- The parent account will receive one single invoice every three months for all customer relationships and for all linked accounts.
- This consolidation is related only to invoices issued by Ariba to the supplier, the business operations of each account are still independent.

Participate in a Multi-Org

Guidelines

- The supplier needs to designate a **Parent ANID** under which the invoice will be viewed.
- The selection of the parent ANID determines the currency of the Multi-org invoice and the billing dates.
- The supplier should also have confirmed list of child ANID's to be included on the invoice.
- A Multi-Org is NOT:
 - A way to merge accounts.
 - A way to get a discount on Transaction Fees.

Structure Your Multi-Org

1. **Register** all accounts which will be included in the Multi-Org.
2. **Create** a list of all ANIDs and designate the parent account.
3. **Wait** until the first ANID becomes chargeable.
4. **Contact Customer Support** through the Help Center and inform them of your need for the Multi Org.

Link Accounts Via an Account Hierarchy

Linkage between individual accounts for account management purposes

The administrator of the Parent account can log into the child account and take the following actions:

- Change settings on the child account and complete the company profile
- Publish catalogs
- Check the status of payment for the Ariba invoice and pay the invoice
- Upgrade to a higher Subscription package

The administrator of the Parent account cannot take following actions:

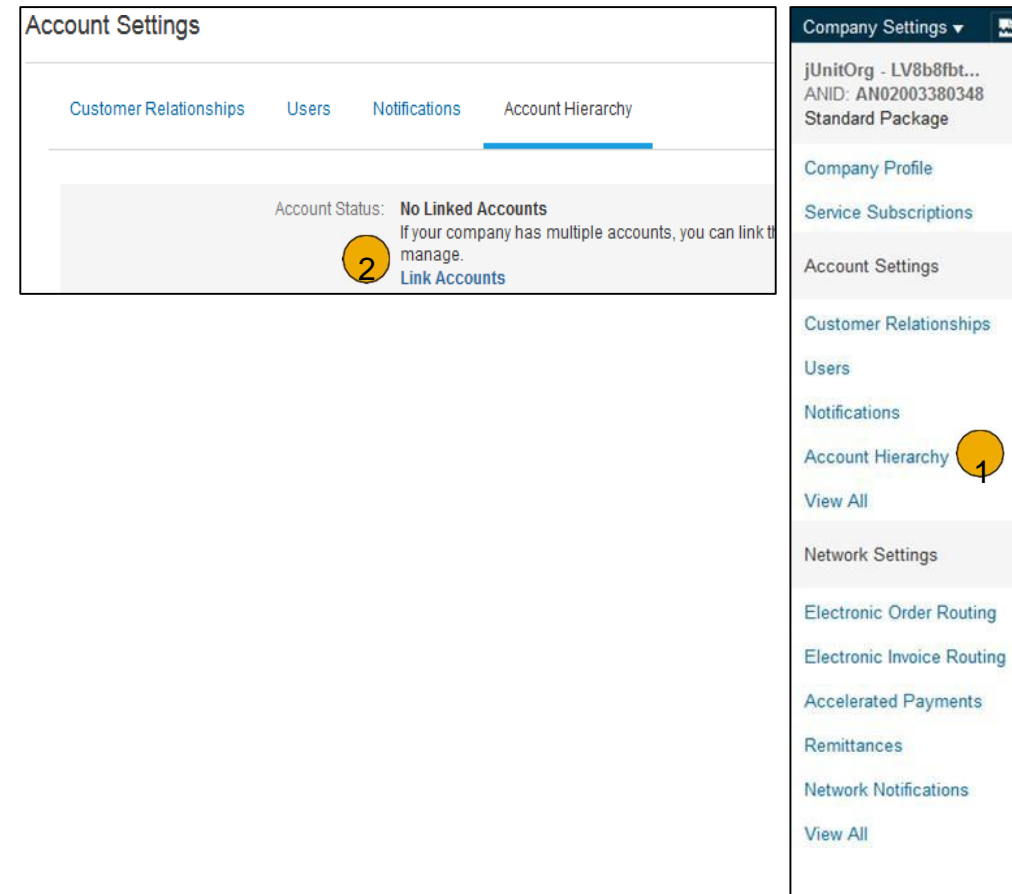

- View buyers on the Child account
- Create any documents (Invoices)
- Run Reports

Create an Account Hierarchy

1. **From the Company Settings** menu, click Account Hierarchy.
2. **To add** child accounts click on Link Accounts.
3. **The Network** will detect if there is an existing account with corresponding information.
4. **On the next page** log in if you are the Administrator of the account.

Note: If you are not the Administrator of the account, you can send a request as a 'Non Administrator' to the Administrator through an online form.

5. **Once** the request is confirmed by a child account administrator, the name of the linked account is displayed on the Account Hierarchy page.

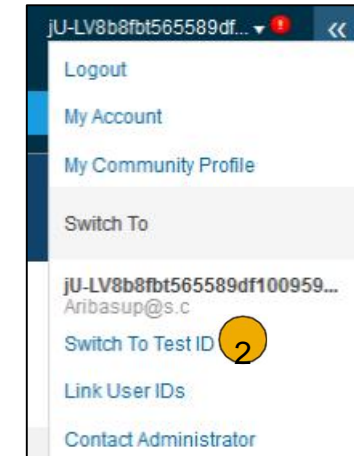

Set Up a Test Account

1. **To set up** your Test Account, you need to be on the tabular view of your Ariba Network Production Account.
2. **Click** your name in top right corner and then select Switch to Test ID. The Switch To Test Account button is only available to the account Administrator. The administrator can create test account usernames for all other users needing access to the test account.
3. **Click** OK when the Ariba Network displays a warning indicating You are about to switch to Test Mode.
4. **Create** a Username and Password for your test account and click OK. You will be transferred to your test account.

⚠ Your Test account should be configured to match your Production account. This will ensure the testing results are consistent with what will result in Production. Once you have set up your test account, you are ready to receive a test purchase order.

Note: Test account transactions are free of charge.

5. **The Network** will always display which mode you are logged into, (Production or Test). Your **Test account ID** has the suffix “-T” appended to your Ariba Network ID (ANID).

A screenshot of the 'Create Test Account' form. The form title is 'Create Test Account'. Below the title, a message states: 'You are about to create a new account in the Test Mode. The trading relationship with the...'. The form contains three input fields: 'Username:*' with the value 'test-Aribasup@s.c', 'Password:*' with masked characters, and 'Confirm Password:*' with masked characters. A yellow circle with the number 4 is placed over the 'Username' field.

Boston University Invoice Requirements

1. Suppliers can enter taxes at the header level
2. Boston University will accept duplicate invoice numbers unless invoice number has been processed and paid against
3. Shipping costs can only be entered at the header level
4. A copy of your original invoice must be attached at the header of the Invoice
5. Additional line items cannot be added to a PO invoice by suppliers
6. Suppliers can only submit Credit Memos at the line item level
7. If a supplier submits a Line Item Credit Memo, Quantity Adjustments can only be made
8. Suppliers are required to provide a Reason for every Credit Memo
9. A copy of your original Credit Memo must be attached at the header of the Credit Memo

Review Boston University Invoice Rules

These rules determine what you can enter when you create invoices.

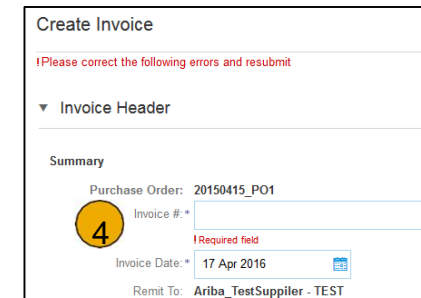

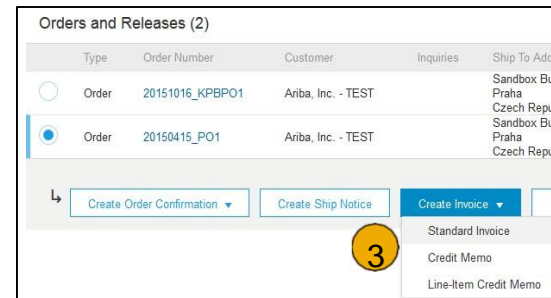

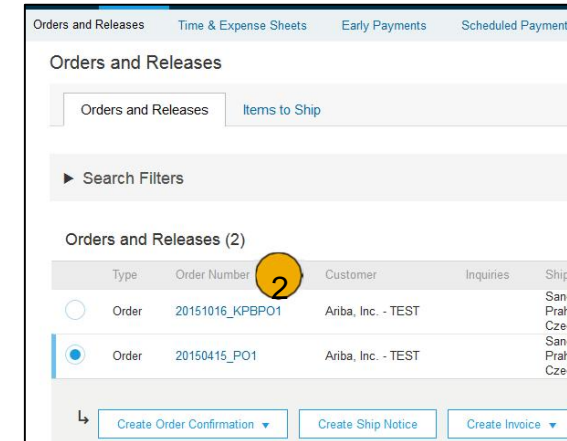

1. Login to your Ariba Network account via supplier.ariba.com
2. Select the Company Settings dropdown menu and under Account Settings, click Customer Relationships.
3. A list of your Customers is displayed. Click the name of your customer (Boston University).
4. Scroll down to the Invoice Setup section and view the General Invoice Rules.
5. Click Done when finished.

Invoice via PO Flip

To create a PO-Flip invoice (or an invoice derived from a PO that you received via Ariba Network):

1. From the home screen within your Ariba Network account, select the **Create** dropdown menu and select **PO Invoice**.
2. For PO Invoice select a **PO number**.
3. Click on the **Create Invoice** button and then choose **Standard Invoice**.
4. Invoice is automatically pre-populated with the PO data. **Complete all fields marked with an asterisk and add tax as applicable.** Review your invoice for accuracy on the **Review** page. If no changes are needed, click **Submit** to send the invoice to Boston University.

Invoice via PO Flip Header

Invoice is automatically pre-populated with the PO data. Complete all fields marked with an asterisk and add tax as applicable.

1. **Enter an Invoice #** which is your unique number for invoice identification. The Invoice Date will auto-populate.
2. **Select Remit-To** address from the drop down box if you have entered more than one.
3. **Tax and Shipping can be entered** at the Header level by selecting the appropriate radio button.
4. **You can also add some additional information** to the Header of the invoice such as: Special Handling, Comment, Attachment, Shipping Documents.
5. **Scroll** down to the Line items section to select the line items being invoiced.

Note: Attachment file size should not exceed 40MB.

Invoice Against a Contract

To create a Contract Invoice:

1. **From the home screen** within your Ariba Network account, **select** the **Create** dropdown menu and select **Contract Invoice**.
2. **Select** Boston University from the Customer dropdown list.
3. **Complete** invoice entry with all fields marked with asterisk (*).

The screenshot shows the Ariba Network interface. At the top, there is a 'CSV Documents' dropdown menu. To its right is a 'Create' dropdown menu with a list of options: PO Invoice, Non-PO Invoice, Contract Invoice (highlighted with a yellow circle and the number 1), Service Entry Sheet, Credit Memo, Time & Expense Sheets, and Catalog. Below the 'Create' menu is a search bar and a 'Last 12 months' filter. In the foreground, a dialog box titled 'Create Contract Invoice: Select Customer' is open. It has 'Next' and 'Cancel' buttons at the top right. The dialog contains the text: 'Select a customer from the list below and click Next to continue the process. If the customer is not in [More](#)'. Below this is a 'Customer Name' input field with a 'Search' button. A list of customers is shown below, with 'Ariba Ready Test' selected (indicated by a blue circle and a yellow circle with the number 2). At the bottom right of the dialog are 'Next' and 'Cancel' buttons.

The screenshot shows the 'Invoice Entry' form for invoice INV40547. The form has a 'Submit' button and an 'Exit' button at the top right. The 'Invoice Entry' tab is selected. Below the tab is the 'Invoice Header' section, which has a 'Header Actions' dropdown menu. The form contains several fields: 'Supplier Invoice #' (marked with a yellow circle and the number 3), 'Purchasing Unit' (set to 'No value'), 'Supplier' (marked with an asterisk), 'Contract' (set to '(no value) [select]'), 'Sold To Email', 'My Labels' (set to 'Apply Label...'), 'Invoice Date' (marked with an asterisk), 'On Behalf Of' (set to 'Christopher Hart'), 'Supplier Contact', 'Remit To Address' (set to '(no value)'), and 'Payment Terms' (set to '(no value) [select]'). At the bottom, there is a 'Shipping - Entire Invoice' section with 'Ship From' and 'Ship To' (set to 'No value') fields. A 'Header Actions' dropdown menu is at the bottom left.

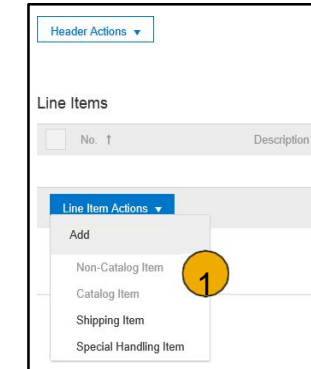

Invoice Against a Contract

Header and Line Level Options

There is an option to add Tax, Shipping, Special Handling, Discount, Comments and Attachments to Contract Invoices.

To add Line items to the Invoice:

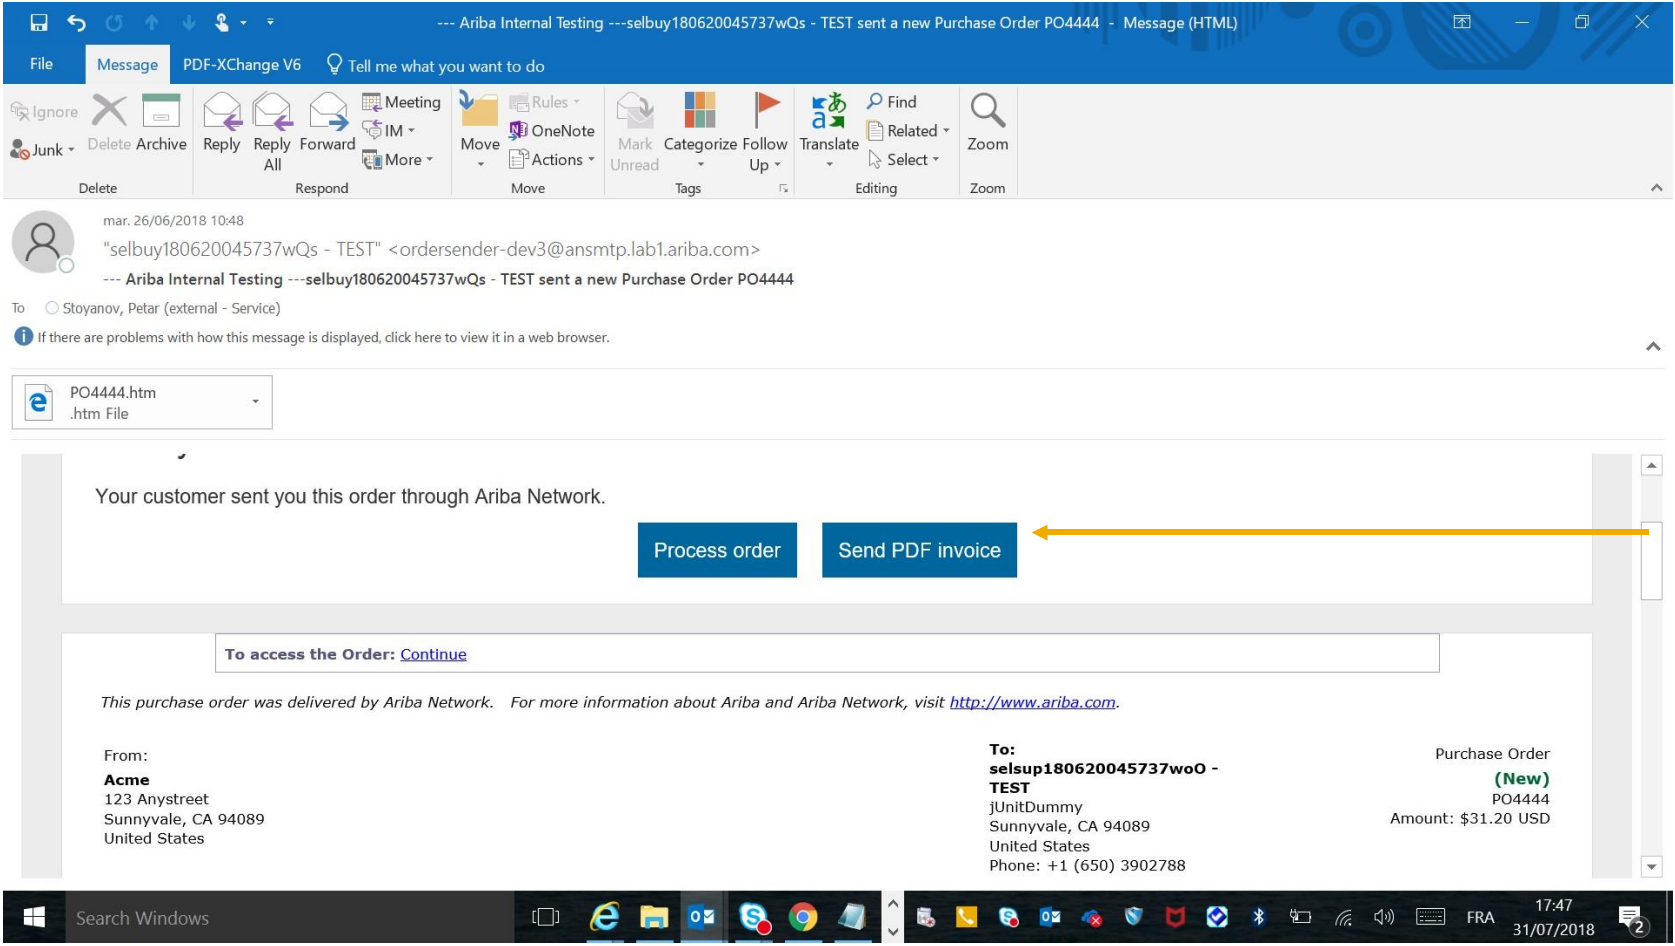

1. **Choose** from Non-catalog or Catalog options.
2. **Enter** required fields marked with an asterisk (*).
3. **Update** Total.
4. **Click** on Submit button to submit the invoice.

A screenshot of the 'Line Items' form. The form displays a table with columns: No., Description, Contract, Qty, Unit, and Price. The first row is highlighted with a yellow circle containing the number '2'. Below the table, there are fields for Reference Date, Type, Commodity Code, Purch Org, Supplier Part Number, and Line Item Text. At the bottom, there are fields for Shipping - by Line Item, Ship From, Deliver To, and Plant. A 'Line Item Actions' button is at the bottom left.

A screenshot of the invoice summary and action buttons. The summary shows: Subtotal: \$2,570.00 USD, Total Tax: \$0.00 USD, Total Gross Amount: \$2,570.00 USD, Total Net Amount: \$2,570.00 USD, and Amount Due: \$2,570.00 USD. Below the summary are four buttons: Previous, Save, Submit, and Exit. A yellow circle with the number '3' is placed over the summary area, and a yellow circle with the number '4' is placed over the Submit button.

Check Invoice Status

Routing Status To Your Customer

Check Status:

If you configured your Invoice Notifications as noted earlier in this presentation, you will receive emails regarding invoice status.

You can also check invoice status from the **Outbox** by selecting the invoice link.

Routing Status

Reflects the status of the transmission of the invoice to Boston University via the Ariba Network.

- **Failed** – Invoice failed Boston University invoicing rules. Boston University will not receive this invoice
- **Queued** – Ariba Network received the invoice but has not processed it
- **Sent** – Ariba Network sent the invoice to a queue. The invoice is awaiting pickup by the customer
- **Acknowledged** – Boston University invoicing application has acknowledged the receipt of the invoice

Check Invoice Status

Review Invoice Status With Your Customer

Invoice Status

Reflects the status of Boston University's action on the Invoice.

- **Sent** – The invoice is sent to the Boston University but they have not yet verified the invoice against purchase orders and receipts
- **Paid** – Boston University paid the invoice / in the process of issuing payment. Only if Boston University uses invoices to trigger payment.
- **Approved** – Boston University has verified the invoice against the purchase orders or contracts and receipts and approved it for payment
- **Rejected** – Boston University has rejected the invoice or the invoice failed validation by Ariba Network. If Boston University accepts the invoice or approves it for payment, invoice status updated to Sent (invoice accepted) or Approved (invoice approved for payment)
- **Failed** – Ariba Network experienced a problem routing the invoice

Review Invoice History

Check Status Comments

Access any invoice:

1. **Click** on the History tab to view status details and invoice history.
2. **History and status comments** for the invoice are displayed.
3. **Transaction history** can be used in problem determination for failed or rejected transactions.
4. **When you are done** reviewing the history, click Done.

Learn About Transacting

Reports help provide additional information and details on transactions on the Network in a comprehensive format.

1. Click the **Reports** tab from the menu at the top of the page.
2. Click **Create**.

- **Invoice reports** provide information on invoices you have sent to customers for tracking invoices over time or overall invoice volume for a period of time.
- **Failed Invoice reports** provide details on failed and rejected invoices. These reports are useful for troubleshooting invoices that fail to route correctly.
- Reports can be created by Administrator or User with appropriate permissions.
- **Bronze** (and higher) members may choose **Manual** or **Scheduled** report. Set scheduling information if Scheduled report is selected.

Invoice Reports

3. Enter required information. Select an Invoice report type — Failed Invoice or Invoice.
4. Click Next.
5. Specify Customer and Created Date in Criteria.
6. Click Submit.
7. You can view and download the report in CSV format when its status is Processed.

Note: For more detailed instructions on generating reports, refer to the **Ariba Network Transactions Guide** found on the **HELP** page of your account.

Invoice Archival

Configuring invoice archiving allows you to specify the frequency, immediacy, and delivery of zipped invoice archives. If you wish to utilize it, please follow these steps:

1. From the **Company Settings** dropdown menu, select **Electronic Invoice Routing**.
2. Select the tab **Tax Invoicing and Archiving**.
3. Scroll down to **Invoice Archival** and select the link for **Configure Invoice Archival**.
4. Select **frequency** (Twice Daily, Daily, Weekly, Biweekly or Monthly), choose **Archive Immediately** to archive without waiting 30 days, and click **Start**.
 - If you want Ariba to deliver automatically archived zip files to you, also enter an Archive Delivery URL (otherwise you can download invoices from your Outbox, section Archived Invoices).
 - **Note:** After **Archive Immediately** started you can either **Stop** it or **Update Frequency** any time.
5. You may navigate back to the **Tax Invoicing and Archiving** screen in order to subscribe to **Long-Term Document Archiving** for an integrated archiving solution. (More details within the [Terms and Policies](#) link.)

Troubleshoot Your Invoice Issues

How do I know
which type of
invoice to
create?

What does this
error message
mean?

How do I cancel
an invoice that
I've sent?

How do I edit and
resubmit an
invoice that I've
sent?

What should I do
if my invoice has
been rejected?

Can I resend a
failed or rejected
invoice with the
same invoice
number?

How do I tell
when my invoice
will be paid?

Thank you.
