We are pleased to announce Halliburton is partnering with **SAP Ariba®** to transform our Source-to-Pay processes. Our objectives include faster sourcing projects, shorter cycle time for contracts, and more effective buying capabilities. Since 1996, Ariba has been transforming the global procurement landscape for businesses of all sizes and we are excited to provide you with this opportunity.

We would like to invite you to attend the Halliburton Supplier Summit to learn more about how Halliburton has partnered with **SAP Ariba®**.

How can you learn more about the Halliburton and SAP Ariba partnership?

You can learn more about SAP Ariba and the specific details about this initiative by registering for a web-based supplier summit. Attendance is highly encouraged as you will have the opportunity to participate in a live Q&A with experts from both SAP Ariba and Halliburton.

We believe this shift will strengthen our business relationship and allow for more robust collaboration and purchasing capabilities. If you are not the correct recipient or have questions, please contact the Halliburton Supplier Enablement Team at SupplierEnablement@halliburton.com.

Benefits to using SAP Ariba®

Conducting business on the Ariba Network will be highly encouraged where suppliers would be able to receive **purchase orders**. One of the reasons we selected SAP Ariba is that it brings our suppliers many benefits such as real-time PO delivery, use of online catalogs, and potential new business opportunities on the Ariba Network.

Please note, your invoice submission method will remain the same.

When will this take effect?

In the coming weeks, if you choose to become enabled over the Ariba Network, we will send you important communications and instruction for joining the Ariba Network. Your company will have the opportunity to establish a trading relationship with Halliburton on the Ariba Network. We appreciate your prompt action on all communications after we receive your confirmed interest regarding this initiative (not to exceed five business days). We are targeting a Go Live date on **March 8, 2021**.

Kind Regards,

Gustavo Rodrigues
