VERSION HISTORY

This log is updated each time this Process Document is updated. The log identifies the version number, the date the version was completed, the author of the changes, and a brief description of the changes.

Version	Date	Author	Description
Draft	9/14/2020	Ariba, an SAP Company	Initial Version of Document
1.0	9/22/2020	Ariba, an SAP Company	Updates made per 9/22 Halliburton meeting

SAP STATEMENT OF CONFIDENTIALITY AND EXCEPTIONS

The contents of this document shall remain the confidential property of SAP and may not be communicated to any other party without the prior written approval of SAP. This document must not be reproduced in whole or in part. It must not be used other than for evaluation purposes only, except with the prior written consent of SAP and then only on condition that SAP's and any other copyright notices are included in such reproduction. No information as to the contents or subject matter of this proposal or any part shall be given or communicated in any manner whatsoever to any third party without the prior written consent of SAP.

The furnishing of this document is subject to contract and shall not be construed as an offer or as constituting a binding agreement on the part of SAP to enter into any relationship. SAP provides this document as guidance only to estimate costs and time-scales of the predicted delivery project. This will be subject to confirmation prior to any contractual or delivery commitment by SAP.

SAP warrants that to the best of its knowledge those who prepared this material have taken all reasonable care in preparing it and believe its contents to be true as at the date of this document. SAP cannot however warrant the truth of matters outside of its control and accordingly does not warrant the truth of all statements set out in this document to extent that such statements derive from facts and matters supplied by other persons to SAP. The statements in this document are qualified accordingly.

HALLIBURTON MAPPING REQUIREMENTS AND DELTAS

Deltas

In the following excel workbooks you will find baseline cXML and EDI transactions accepted by the Ariba Network with the additional requirements for Halliburton noted in **red**.

cXML Delta: *<insert cXML Excel Deltas Doc here>* **EDI Delta:** *<Embed the EDI Excel Deltas Doc here>*

The following is a summary of the requirements that are unique to Halliburton's procurement environment, as detailed in the Excel Delta's document.

- Shipping and special handling charges are supported at the summary level.

Line Level Validation

- The following line level data cannot be changed from PO to Invoice.
 - Currency for Unit Price
 - Unit Price
 - Unit of Measure
 - Part Number

SUPPLEMENTAL DOCUMENTATION

This document contains Halliburton specific information regarding transaction requirements. Information in this document does not cover the complete technical aspects of integrating with the Ariba Network.

Below are three sections for supplemental documentation to be used with this document for cXML, EDI x12 or PIDX transaction formats. Only refer to the section that pertains to the format your organization with be sending or receiving.

cXML Supplemental Documentation

New cXML supplier to Ariba Network must:

- 1) Support a DTD (document type definition) validation tool internally and download the document type definitions (DTD's) for all supported transactions.
- 2) Support HTTPS protocol. Ariba supports HTTPS (not HTTP) only for cXML transactions.
- 3) Review the cXML Solutions Guide and cXML User Guides.

cXML Document Type Definitions (DTD's)

- <http://cxml.org> Download InvoiceDetail.zip for the InvoiceDetailRequest.dtd.
- <http://cxml.org> Download cXML.DTD for the OrderRequest
- <http://cxml.org> Download Fulfill.dtd for ConfirmationRequest/ShipNoticeRequest

SAP Ariba Cloud Integration Gateway (CIG)

Information in this document does not cover the complete technical aspects of integrating with the SAP Ariba Cloud Integration Gateway (CIG).

Below is supplemental documentation to be used with this document for CIG connectivity and CIG EDI x12 and PIDX transaction file formats.

New Cloud Integration Gateway Supplier

- [Cloud Integration Portal Guide](#) (aka. CIG "How to Guide")

EDI x12 Supplemental Documentation via SAP Ariba Cloud Integration Gateway

All EDI Supplier Guides

- SAP Ariba PO850 4010 Purchase Order
- SAP Ariba PC860 4010 Purchase Order Change
- SAP Ariba PR855 4010 PO Acknowledgment (Order Confirmation)
- SAP Ariba IN810 4010 Invoice
- SAP Ariba SH856 4010 Ship Notice
- SAP Ariba RA820 4010 Remittance Advice
- SAP Ariba AG824 4010 Application Advice (inbound)
- SAP Ariba AG824 4010 Application Advice (outbound)
- SAP Ariba FA997 4010 Functional Acknowledgment (inbound)
- SAP Ariba FA997 4010 Functional Acknowledgment (outbound)

PIDX Supplemental Documentation via SAP Ariba Cloud Integration Gateway

All PIDX Supplier Guides

- SAP Ariba PIDX OrderCreate OrderChange 1.61 Outbound
- SAP Ariba PIDX OrderResponse 1.61 Inbound
- SAP Ariba PIDX Invoice 1.61 Inbound
- SAP Ariba PIDX InvoiceResponse
- SAP Ariba PIDX Receipt Outbound

If you do not yet have user access to CIG, the SAP Ariba Seller Integrator will forward these documents. Once user access is obtained, the current CIG documentation may be viewed in or downloaded from the CIG Resources section.

SAP ARIBA CUSTOMER SUPPORT FOR SUPPLIERS

How to utilize Help Center and access Customer Support

At SAP Ariba, our goal is to empower Suppliers with the information and tools they need to seamlessly navigate through Ariba Solutions. You can find the answers you need about Ariba products in the SAP Ariba Help Center. You can also contact SAP Ariba Support directly through the Help Center, when necessary.

Access the Help Center

[Sign in to your account](#) (supplier.ariba.com) and look to the right-hand side of your screen to view the Help Center panel. If the panel is collapsed and you can't see any articles, click Help Center >> to expand.

Using the Help Center

The Help Center is the first place to start if you have questions about any Ariba Solution. You can search for answers to functional and navigational questions in our FAQs and Tutorials.

The following tutorials are helpful when you're getting started:

- [Supplier Basics](#)
- [Invoices](#)

Still need more help? Contact Customer Support

If you don't find your answer after searching, you can request direct support via email, chat, or phone (depending on the type of account you have).

To Request Support:

1. Click the  icon in the bottom-right corner of the expanded Help Center. After clicking, you will see a new window titled **Ariba Exchange User Community**.
2. You will see the words **I need help with** next to a search bar. If you don't see this, click **Support** in the upper-right corner of your screen.
3. Search for your issue in the **I need help with** search bar.
Based on your search, you may see Guided Assistance. Guided Assistance features a series **Yes** or **No** questions that will guide you either to support options or to relevant content to resolve your issue. If the guided content does not resolve the issue, the following direct support options are presented:

Email SAP Ariba Customer Support

- Send a written online request to SAP Ariba Customer Support via a short webform.
- Provide a Short Description, Details, and Attachment to ensure a fast and accurate response.

Get help by live chat

- Start a live chat with an SAP Ariba Customer Support specialist.

Click to call

- Avoid waiting on the phone. Fill in a short form to request a callback from the next available specialist.
