ACCOUNT SET UP

This section covers what needs to be set up in the Ariba Network account as minimum requirements in order to successfully transact with Air Canada.

Please make sure you complete at least the following chapters of the *Account Administration* section on the [Supplier Training Page](#).

- Complete your profile
- Configure your email notifications
- Configure your enablement tasks
- Configure Electronic Order Routing method and notifications
- Configure Electronic Invoice Routing method and Tax Details
- Configure your Remittance Information and payment methods
 - You are required to provide a Remit-To Address on all invoices
- Set up a test account

TRANSACTIONING ON ARIBA NETWORK

This section mentions the specifics of transacting with Air Canada on Ariba Network once your account has been set up. You'll find detailed instructions in the Transacting section of the [Supplier Training Page](#).

PO CONFIRMATION Specifics

This section mentions any specific transaction rule that should be observed by Suppliers regarding purchase order confirmations.

- You may send order confirmations for material and service orders.
- You can send order confirmations at the header level and line item level.
- You are required to create an order confirmation for the PO before creating an invoice.
- You can not update the line items via rejection in order confirmations.

SHIP NOTICE Specifics

This section mentions any specific transaction rule that should be observed by Suppliers regarding ship notices.

- You are required to provide an actual or estimated shipping date on ship notices.

INVOICE Specifics

This section mentions any specific transaction rule that should be observed by Suppliers regarding invoices.

- **Invoice Number** should contain no more than 30 characters and can include numbers, upper-case and lower-case letters, and special characters.
- **Tax data** is accepted at the line item level of the invoice.
- **Shipping data** is accepted at the header level or at the line item level.
- You are required to provide a Remit-To Address on all invoices.
- You are able to back date invoices by 30 days.
- You are able to future date invoices by 30 days.
- Header level credit memos are not accepted, only line level credit memos.
- You are able to create quantity adjustment and price adjustment credit memos at the line item level.

HELP & SUPPORT
