

ABBOTT INDIRECT BUYING INITIATIVE

Abbott Supplier Registration and Qualification in Ariba

Quick Start Guide and Frequently Asked Questions

ABBOTT SUPPLIER REGISTRATION AND QUALIFICATION IN ARIBA

Abbott has selected Ariba as the guided buying platform for transacting with our suppliers. To complete the registration process, all suppliers invited should go through the Supplier Lifecycle Performance (SLP) process.

The Supplier Lifecycle Performance (SLP) process involves the following key components:

Step 1: Trading Relationship Request

- You should have received and accepted the Trading Relationship Request (TRR)
- You should have an account established with Ariba.

Step 2: Supplier Registration Process

- You will be requested to provide detailed information such as bank information, tax information, remit to and ordering address information, and other vendor specific data.

Step 3: Supplier Qualification Process

- You will be requested to provide further details required such as Certificate of Insurance (COI), Diverse classification and certification and other vendor specific data.

Register as a supplier with Abbott

Hello!

Abbott has invited you to register to become a supplier with Abbott - TEST. Start by creating an account with Ariba Network. It's free.

Event End Date: Sunday, May 22, 2022 at 9:43 AM, Pacific Daylight Time

Abbott - TEST uses Ariba Network to manage its sourcing and procurement activities and to collaborate with suppliers. If TeleData LLC already has an account with Ariba Network, sign in with your username and password.

What are the types of Ariba Network accounts?

Standard Account

Enterprise Account- Abbott recommended

Is there a cost to transact on the SAP Ariba Network?

Abbott is offering an Enterprise Account to our suppliers **without network fees for Abbott transactions**. If you opt into additional services or transact with other buying organizations on the SAP Ariba Network, you may be subject to fees.

Are you an Individual/ Sole Proprietorship/ Single Member LLC?

Suppliers (such as Individual/ Sole Proprietorship/ Single Member LLC) who are required to provide Personally Identifiable Information (PII), such as non-public government identification numbers or financial account numbers associated with individual persons (e.g. U.S. Social Security numbers, national insurance numbers, or personal banking account numbers), will also receive an email to activate a separate PII account. PII is used to capture and secure PII as part of the onboarding process for these types of suppliers.

Dear Billie, Shaw,

You have been invited to register to become a supplier with Abbott.

As part of this process, you have been identified as a an Individual/ Sole Proprietorship/ Single Member LLC. Suppliers who are required to provide Personally Identifiable Information (PII), such as non-public government identification numbers or financial account numbers associated with individual persons (e.g., U.S. Social Security numbers, national insurance numbers, or personal banking account numbers), are required to activate a separate PIIP account. PIIP is used to capture and secure PII as part of the onboarding process for these types of suppliers.

This is your initial password to access the PIIP application.
Initial Password: 00fcac4e-065e-4713-9531-6e395eb8d8e3

While you complete the Registration Questionnaire on the Ariba Network, you will be prompted to follow a link and provide your Personally Identifiable Information (PII). Please use the above password to login and thereafter change the password to your suitable choice.

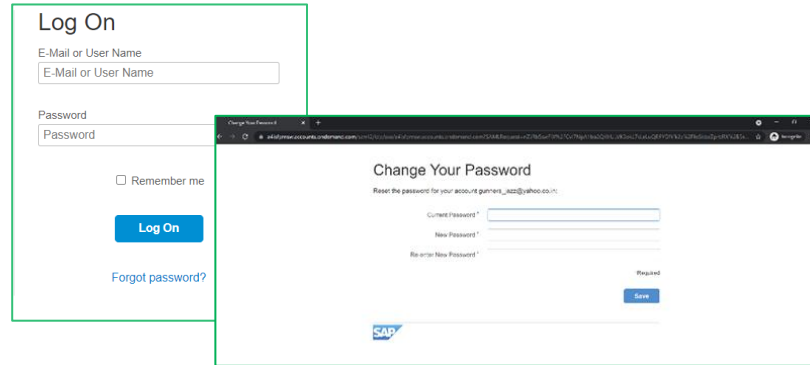

For more information on how to complete these steps, please visit the [Abbott Supplier Information Portal](#).

PIIP: Personally Identifiable Information Protection

On the Log-In page, enter your email address and the temporary password that you received in the email. You will then be prompted to change your password.

The image shows two overlapping screenshots of the Ariba web interface. The top-left screenshot is the 'Log On' page, featuring a form with 'E-Mail or User Name' and 'Password' fields, a 'Remember me' checkbox, a blue 'Log On' button, and a 'Forgot password?' link. The bottom-right screenshot is the 'Change Your Password' page, which prompts the user to 'Reset the password for your account' and includes fields for 'Current Password', 'New Password', and 'Repeat New Password', along with a blue 'Save' button. The SAP logo is visible at the bottom of the second page.

After the password is changed, TOTP Two Factor Authentication is prompted. You will need to download the SAP Authenticator from either the Apple App Store or Google Play on your phone. Follow the prompts and scan the QR Code to your phone.

The image is a screenshot of the 'Two-Factor Authentication' page. It explains that the SAP DEV (iRSO) application requires a time-based one-time passcode as a second factor for authentication. A blue box states: 'SAP Authenticator is required in order to enable two-factor authentication.' Below this, it says: 'SAP Authenticator is required to enable two-factor authentication and to scan the QR code on your device. The iOS version is available in the Apple App Store (iOS). The Android version is available in Google Play (TM).' It also includes a disclaimer: 'Apple and iTunes are trademarks of Apple Inc. App Store is a service mark of Apple Inc. Android and Google Play are trademarks of Google Inc.' The page has two main steps: 1. 'Scan QR Code' and 2. 'Enter passcode'. Under step 1, there is a section titled 'Your Secret Key' showing a QR code and a small image of a hand holding a phone. Under step 2, there is a form with 'E-Mail or User Name' (pre-filled with 'baiba.vilgare@accelerated2p.com') and a 'Passcode' field, with a blue 'Continue' button at the bottom right.

Once you authenticate your account, you will be prompted to enter the required fields with your Personally Identifiable Information and then Submit. You will then return to the Ariba Network to complete the registration questionnaire.

Self-Managing/ Updating Your Details

After the supplier registration questionnaire is approved by Abbott it will be available to you to allow for updates. If at any time your company's information changes, you should log into the Ariba Network and update the registration questionnaire to reflect the change. Keeping the registration questionnaire up to date with accurate details at all times will ensure your company is paid on time and accurately and considered for potential business opportunities.

To update your registration questionnaire going forward, follow the below steps:

Step 1: Log into your Ariba Network account, ensure you are on the “Questionnaires & Proposals” tab and under the correct customer tab.

Step 2: Navigate to the **SAP Ariba Proposals & Questionnaires** section. You will see the registration questionnaire. Notice the status of the questionnaire. If it is in a “Registered” status, you will be able to update it. If in a different status than Registered, you will not be able to make an update. Click on the questionnaire to open it.

Step 3: Once you open the questionnaire, you will see that you've already submitted a response, but you have an opportunity to Revise Response. Confirm you would like to revise your response, then the questionnaire will open for editing.

Step 4: After you've made the necessary updates, click “Submit Entire Response”. The updates will route to Abbott for approval.

Logging back into the Ariba Network

Please note that once you've successfully registered through the invitation email, the invitation link can be reused to redirect you to the Ariba login screen.

You can also navigate directly to <http://proposals.seller.ariba.com> to login. We recommend bookmarking this page to easily access the Ariba Network moving forward.

If you cannot remember your credentials/login details, use the “forgot username or password” link to recover them.

How To Provide or Update Remittance and Ordering Addresses

Note: If you are using Personally Identifiable Information such as non-public government identification numbers or financial account numbers associated with individual persons, i.e., sole proprietorship (e.g., U.S. Social Security numbers, national insurance numbers, or personal credit card or banking account numbers), please **DO NOT** follow this process. Please email Ariba_Supplier_RAOA@abbott.com for instructions.

These steps outline the process of providing Remittance and Ordering Addresses in addition to your general data information.

- **Remit To Address:** where payments will be sent.
- **Ordering Address:** where the purchase order will be sent.

1. Go to the [Abbott Supplier Information Portal](#) and download the **Abbott Remit To and Ordering Address Form**.
2. Fill in the new or updated Remittance or Ordering Address information in the **Remit To and Ordering Address Form**.
3. Click on the **Compose a Message** button available in the Supplier registration questionnaire.
4. Click on **Attach a file**.
5. Click **Choose File** or **Drop File** to attach the completed **Abbott Remit To and Ordering Address Form** in excel format only. Please do not upload the form in any other formats. When you have finished, click **OK** to add the attachment.
6. After you have successfully attached the **Abbott Remit To and Ordering Address Form**, click **Send**.

Note: You should use this process every time you have an additional remittance or ordering addresses for Abbott, or an update to an existing address.

The screenshots illustrate the process of attaching a file to a message in the Ariba Sourcing system. The interface includes a sidebar with navigation links like 'Go back to Abbott-S Dashboard', 'Console', 'Event Messages', 'Event Details', 'Response History', and 'Response Team'. The main content area shows 'All Content' with a list of items, including 'General Company Information' and 'Company Full Legal Business name (in English)'. The 'Compose Message' button is highlighted in Step 3. The 'Attach a file' button is highlighted in Step 4. The 'Add Attachment' dialog is shown in Step 5, with 'Choose File' highlighted. The 'Compose New Message' screen is shown in Step 6, with the file attached and the 'Send' button highlighted.

Ariba Network Remittance Notification for Abbott Supplier

In preparation for Abbott's implementation, please confirm your remittance address(es) and update your Ariba Network profile. This is a critical invoicing requirement.

Next Steps:

Please enter each remit-to ID and address into your Ariba Network account:

- Log into your Ariba Network Account at <https://supplier.ariba.com>.
- Click on the initials in the upper right-hand corner next to the question mark of the Home tab (in the blue navigation pane).
- Go to **Settings > Remittances**.
- In the **EFT/Check Remittances** section, click **Create**.
- On the **Create Remittance Address/Payment Info** page, enter a complete mailing address.
- If applicable, check the box to make this address the default
- Enter the Abbott remit-to ID in the box for Abbott under 'Remittance ID Assignment'
- Click **OK** to save and repeat for each address listed above.

Notes:

- Ensure that your remit-to address information is an exact match to the address Abbott has on file to avoid any errors when submitting invoices.
- Do not configure a "Contact" on the EFT/Check Remittances page of your account. This will cause a mismatch to the remit-to address on record with Abbott and
- you will not be paid.
- Should you have any questions on this process, please submit your question via the [Ariba Contact Form](#) and an enablement professional will be happy to assist.
- Please reach out to Abbott at [Ariba_Supplier_RAQA@abbott.com](mailto:RAQA@abbott.com) if you have any questions about what your Remittance ID is.

The image contains three screenshots of the Ariba Network interface. The top-left screenshot shows the 'My Account' menu with 'Settings' highlighted. The top-right screenshot shows the 'Network Settings' page with the 'Remittance' tab selected; a green arrow points to the 'Create' button. The bottom screenshot shows the 'Remittance Address' form with fields for Address 1, Address 2, Address 3, City, State, Zip, and Country/Region. A green arrow points from the 'Create' button in the top-right screenshot to the 'Remittance ID Assignment' section in the bottom screenshot, which lists 'Abbott' as the customer and has a 'Remittance ID' field.

Frequently Asked Questions

Question	Answer
If we are already transacting with Abbott as a Supplier, do we need to register again?	Abbott is requiring all our suppliers to register with us on the Ariba Network. This will guarantee that Abbott has the most accurate and up to date information regarding your company. Any changes in the future can then be communicated to Abbott by updating your registration.
What if I cannot see the Questionnaire?	When you are logged into your AN account, toggle to the “Proposals and Questionnaires” module in the left upper corner to see upstream forms and data. If you do not see the questionnaire, the questionnaire may not have been sent to your account. Please contact your Buyer within Abbott to have the link resent and then log in with your existing credentials. Note: you must login to your account via the invitation link in the email in order to see the questionnaire.
What happens once I have completed the Registration Questionnaire?	Once you have completed and submitted the Questionnaire, you should receive confirmation it has been approved. You will receive an additional request to complete for qualification as a supplier with Abbott.
What happens once I have completed the Qualification Questionnaire?	You will receive an email letting you know that your qualification has been accepted for the categories you wish to participate in. You will be notified when next steps as past of a procurement or sourcing event require your attention.
I received more than one system generated invitation to Register? Are these duplicates?	If you have more than one business that is actively trading with us, you will receive a system generated invitation to register for each organization or legal entity. You will need to register and qualify each one separately. IMPORTANT! When registering or qualifying multiple companies, please do so one at a time . Please do not have any other SAP Ariba related invitations to register open in different tabs of your browser. Doing so may result in the details for one company being saved or linked to another one of your company’s questionnaire.
Why do we need to join Abbott's Ariba Network?	Abbott is implementing new standards, processes and implementing SAP Ariba modules to improve the way we interact with our Suppliers. The benefits of this include eliminating manual ways of work and duplication of effort for both parties. It will also ensure that our Supplier details are current and accurate.
What happens if an existing Supplier does not complete the new onboarding process?	Completing our process via the SAP Ariba SLP Module is mandatory. Not completing it on time could result in non-compliance and impact our existing trade relationship.

Frequently Asked Questions Continued

Question	Answer
What if I did not receive the link to register?	<p>The issue could be related to your mail agent setting – make sure <i>ariba.com</i> is a trusted sender. Before requesting your invitation to be resent, please check the following:</p> <ul style="list-style-type: none"> • Search your mailbox for an email with the following email subject: Invitation: Register to become a supplier with Abbott • Search for the invitation across all your folders, such as your Inbox, Junk or Spam Folders • Confirm if one of your colleagues received the invitation instead of you.
If I already have an existing SAP Ariba Network Account, why am I being asked to create a new one?	<p>You do not need to create a new Ariba Network account to respond to questionnaires or participate in events with Abbott. You can use your existing Ariba Network account to:</p> <ul style="list-style-type: none"> • Respond to registration, qualification questionnaires for Abbott and other customers that are on the Ariba Network • Respond to future sourcing events • Potentially manage contracts. <p>However, some of our suppliers may want to create an additional Ariba Network account, to manage these three processes and modules separately from your transactional account or from your account used to manage other customers.</p>
What will it cost me to use the Ariba Network?	<p>Abbott is offering an Enterprise Account to our suppliers without network fees for Abbott transactions. If you opt into additional services or transact with other organizations on the SAP Ariba Network, you may be subject to fees</p>
I received a system generated invitation to register, but I am not the correct person to complete this questionnaire. It should be sent to someone else within my organization.	<p>If you or someone else in your organization received the SAP Ariba system generated "Invitation to Register" email, and it should have been sent to another person in your organization, please do not forward it on. Contact your Buyer within Abbott to have the email with the link resent to the relevant contact</p>

If you do not have login credentials already for your organizations AN account, you will not be able to login. Contact your Ariba Administrator to get you setup in the system.
Will all of my current information be migrated to the SAP Ariba SLP module?	<p>If you are an existing supplier of Abbott, some of your information may be migrated into the registration questionnaire so you need only confirm it for accuracy rather than starting new. However, you may need to re-enter some information or provide additional information. This will ensure Abbott has the most accurate, up to date information they need to do business with your company moving forward.</p>
